

# IKE PUTS TAFT BACKER IN CABINET

## William Green, AFL President, Dies At 82

### Heart Ailment Fatal To Aged Labor Leader

Meany Or Harrison  
May Be Successor

COSHOCOTON, O., Nov. 21 (AP)—William Green, who led and spoke for 13 million American workers in the American Federation of Labor for 28 years, died today.

The AFL president, only the second leader the AFL has had, was 82. Establishment of his correct age caused considerable confusion. Close business associates, his sister and his brother-in-law thought he was 81. The birthdate given in his biography would have made him 79. However, the Green family Bible showed the labor chief-tain was born March 3, 1870, in the Prosser's Hollow section just outside Coshocton.

#### Follows Murray In Death

Green's death followed by only 12 days that of Philip Murray, president of the rival CIO. Murray died Nov. 9 in San Francisco.

Death came to Green in a red brick home nearly in the center of the Eastern Ohio town from which he rose to labor fame from his job as a coal miner. The time was 1:22 p. m., EST.

The family said a heart ailment caused the aged labor leader's death.

Green's career followed the time-hallowed American tradition. A coal miner and son of a coal miner, Green was born near Coshocton March 3, 1870. By the time he was 18 he was a full-fledged miner.

where at 36 Green went for two terms as state senator, the Coshocton miner won his first fight. He introduced and fought to pass a bill abolishing the screen pay practice.

#### Green Succeeded Gompers

Three years earlier, in 1906, Green became president of the Ohio District, United Mine Workers Union. In 1912, he was elected secretary-treasurer of the UMW under the presidency of John L. Lewis.

Samuel Gompers, founder of the AFL, was then AFL president. When Gompers died in 1924, the AFL picked the earnest and determined native of Coshocton, by then a vice president, as his replacement. Green put in 28 years at the job.

Years later, the UMW, led by Lewis, walked out of the AFL and started the Congress of Industrial Organizations (CIO) with which Green fought a running organizational battle over the years. Lewis later led his miners out of CIO ranks but never back into the AFL fold under Green.

As possible successors to Green as head of the AFL, immediate speculation centered on George Meany, AFL secretary-treasurer, and George M. Harrison, head of the big Railway Clerks Union and an AFL vice president. Meany is 58; Harrison a year younger.

### Truman, Ike Pay Tribute To Green

WASHINGTON, Nov. 21 (AP)—Both President Truman and President-elect Eisenhower today praised William Green, AFL president who died at his home in Ohio.

"He was a fine American patriot who dedicated his life to the service of those who worked," Truman said. "A real American and a great national figure," said Eisenhower.

Theirs were just two of a flood of tributes from public officials and organized labor leaders.

Truman, in a statement issued by the White House, said that as AFL president for 28 years Green had worked to improve the working and living conditions of millions of wage earners, and he added: "His success is a monument to his labor statesmanship."

Eisenhower, in a statement issued in New York, declared:

"For many years Mr. Green has been the voice of a large section of the working men and women of America. He has consistently worked for their welfare. He has been a real American and a great national figure. I join with the thousands of his friends who knew and respected him in mourning his passing."

#### Frisco Papers Up Price

SAN FRANCISCO, Nov. 21 (INS)—The single copy price of all daily newspapers here will be 10 cents a copy beginning Monday.

**AFL CHIEF DIES**—William Green (above), leader of the American Federation of Labor for 28 years, died of a heart ailment yesterday at Coshocton, O. He was 82.

### ROKs Hurl Back Two Red Attacks On Sniper Ridge

SEOUL, Saturday, Nov. 22 (AP)—Eighty Chinese Reds assaulted South Korean positions on Sniper Ridge in the chill predawn dark today but were beaten back after a hot, one-hour fight.

The South Korean defenders hurled back a second but smaller probe just before dawn.

The Chinese sent other probes against Allied forward positions on both sides of Sniper Ridge and elsewhere on the central and eastern battle fronts.

#### Red Buildup Indicated

This flurry of small actions topped off a week of numerous minor probes on Sniper Ridge and nearby Triangle Hill. The fighting was in sharp contrast to the large-scale action of previous weeks.

Allied officers said the probes possibly could mean that the Reds were building up for a new major attack.

Fifth Air Force light bombers attacked Communist supply lines across the peninsula Friday night. Pilots reported 170 Red trucks destroyed.

The B-26s also hit an east coast supply center at Pukchong, setting off 10 secondary explosions. North Koreans were reminded by leaflet that they had been warned earlier of an impending attack.

#### B-29s Bomb Rail Bridge

Twelve B-29 Superfortresses bombed a rail bridge in North Central Korea and a troop center south of Wonsan.

The Fifth Air Force reported three U. S. Sabre jets were shot down in the week ended Friday. One was lost in air-to-air combat and two to other causes, presumably mechanical troubles, it said.

Two other planes, propeller-driven, were lost to Red ground fire.

U. S. warplanes smashed a big Red military center near the Manchurian border Friday in another of a week-long series of daring fire raids.

### U. S. Jet Bomber Sets New Pacific Record

TRAVIS AIR FORCE BASE, Calif., Nov. 21 (AP)—A jet bomber blazed a record crossing of the Pacific Ocean from Honolulu today, roaring the distance of 2,434 miles in 4 hours, 22 minutes.

This cut 30 minutes from the same bomber's flight last Sept. 27 from Travis to Hickam Field, Honolulu, in 4 hours and 52 minutes.

The Stratosphere flight averaged 565 miles an hour.

### Parents Warned Of Danger In Giving Aspirin To Babies

ST. LOUIS, Nov. 21 (AP)—A warning of danger in giving aspirin to babies was issued today by three pediatric specialists at St. Louis Children's Hospital, where three infants have died this month of salicylate (aspirin) intoxication.

Dr. Alexis F. Hartmann, professor of pediatrics at the Washington University School of Medicine and physician-in-chief of the hospital, said "parents should be wary of giving their young children aspirin or medicines containing it."

The danger is greatest, he said, among babies under a year old. There still is some danger up to two years and two four-year-olds have been treated at the hospital for serious effects of overdoses, he said.

Autopsies established the cause of three infant deaths this month

### U. S. Reported Ready To Accept Truce Plan

Moscow Hints  
India Proposal  
Unsatisfactory

UNITED NATIONS, N. Y., Nov. 20 (AP)—The United States and its major allies seemed ready tonight to accept with amendments India's compromise plan for Korea—but Moscow reaction raised doubt whether the U. N. was moving toward actually stopping the war.

Moscow newspapers indicated the resolution put up by India's V. K. Krishna Menon is not satisfactory to the Soviet Union. Foreign Minister Andrei Y. Vishinsky may give the official stand next week.

If the Russians reject the plan Western diplomats will have to shelve it and take up other proposals in an effort to find a way out.

#### Blow To Menon

Menon received the first Moscow reaction with apparent gloom. He also said he would have to examine the conditions being laid down by the Western Allies to see if they "poison the roots" of his proposal before he could say whether he would accept them.

Word of the Moscow reaction, the first hint of what Russia might say about the Menon proposal, spread rapidly through the U. N. Diplomats came to the Associated Press office to read a Moscow dispatch. Soviet newspapers made it plain the Russians do not regard the Indian resolution as a correct way to settle the deadlock over repatriation of Korean prisoners of war, which both East and West assert is the final obstacle to an armistice. The official news agency Tass pointed out the Indian resolution maintains the stand of the U. S. on "forced repatriation."

**Force Out, U. S. Maintains**

The U. S. says it will not agree on any plan for forced repatriation of prisoners. The United States has insisted on a clear-cut statement on that point.

Menon proposed that a repatriation commission of four members be established to effect the release and repatriation of 132,000 prisoners held by both sides. The commission would include Czechoslovakia, Poland, Sweden and Switzerland. Menon also suggested that these four name an umpire.

Here is where the British want a change, reportedly of the United Nations. They favor an amendment providing that: If the repatriation commission did not agree on an umpire within three weeks the decision of a umpire would be referred to the General Assembly.

The talk in U. N. corridors is that India might be the umpire.

### U. S. Jet Sets Speed Mark

INGLEWOOD, Calif., Nov. 21 (AP)—An official timer reported today that Air Force Capt. J. Slade Nash exceeded 700 miles an hour in establishing a new and as yet unofficial world speed record in an F-86D Sabre jet plane at Salton Sea last Wednesday.

Capt. Nash, 31, Menville, Ia., made four low level flights over a measured course at the edge of Salton Sea near Thermal, Calif., to break the old record of 670.981 miles per hour set Sept. 15, 1948, by Maj. Richard L. Johnson, flying the F-86A, an earlier model of the North American Aviation Company's Sabre jet.

Assistant U. S. Attorney Frederick Smith announced he was withdrawing an indictment charging Brennan with posing as a government official to get a transcript of testimony given to the committee behind closed doors by Capt. Dan (Tubby) Gilbert, a Chicago police officer.

A new indictment will be sought at once, Smith informed U. S. District Judge James R. Kirkland. He said he expected to obtain it from the federal grand jury here in a week or so, and that it should correct what the government believes are "some essential and material" defects in the old charge.

The development came only a few hours after Kirkland had ordered the 44-year-old Brennan to stand trial here next Tuesday.

Brennan had been accused of falsely representing himself as the official manager of the crime committee in order to obtain from the Alderson Reporting Company a record of what Capt. Gilbert told the investigators.

### Today's Chuckle

Store Collector: Are you going to pay us that past due account?

Old Aec: Not just yet.

Collector: If you don't, I'll tell all your other creditors that you did.

### Atomic Spy Team Scheduled To Die Week Of Jan. 12

NEW YORK, Nov. 21 (AP)—The week of Jan. 12 was set today for the execution of a husband and wife atom spy team—the first traitors in American history doomed to death by a civil court.

The pair, Julius Rosenberg and his wife, Ethel, were convicted and sentenced to death April 5, 1951, for ferreting out American A-bomb secrets for a Russian-bossed international spy ring.

Countless of their fellow-Americans—in anger or curiosity—have pleaded to be allowed to watch them die in Sing Sing's electric chair. Few if any of these requests can be granted.

#### Jan. 15 Probable Date

The execution date was set by Federal Judge Irving R. Kaufman, who doctored them originally with the personal opinion that their treason led to the war in Korea. They will probably die Jan. 15—a Thursday.

In contrast to the dramatic tone of their sentencing, when bells tolled the hour of noon outside Kaufman's federal courtroom, the only sound today was the scratch of the judge's pen as he signed the execution order.

Since they were sentenced, the Rosenbergs' carried an appeal doggedly from one court to another. Finally, last week, the U. S. Supreme Court gave them a final turnaround.

Their attorney, Emanuel H. Black, said he'll try once again Monday for a new trial. But his was plainly a move of last-minute desperation with little chance of success.

#### Truman Could Pardon Them

Unless President Truman pardons the couple, they almost certainly will leave their separate death house cells the third week in January to walk the grim "last mile" to the electric chair.

A pardon seems unlikely unless the Rosenbergs name fellow traitors whose identity the government claims they are concealing.

Military courts have sentenced native American spies to death before, but never a civil court.

The Communists have demanded that the Rosenbergs be spared. And 50,000 persons have petitioned that they be granted a new trial. The death sentences have been denounced as "cruel and unusual punishment."

### Reporter Faces New Indictment

WASHINGTON, Nov. 21 (AP)—The government, admitting that its original indictment was defective, decided today to make a fresh start in its attempt to prosecute Ray Brennan, a Chicago Sun-Times reporter. He is accused of illegally obtaining secret records of the Senate Crime Investigating Committee in 1950.

Assistant U. S. Attorney Frederick Smith announced he was withdrawing an indictment charging Brennan with posing as a government official to get a transcript of testimony given to the committee behind closed doors by Capt. Dan (Tubby) Gilbert, a Chicago police officer.

A new indictment will be sought at once, Smith informed U. S. District Judge James R. Kirkland. He said he expected to obtain it from the federal grand jury here in a week or so, and that it should correct what the government believes are "some essential and material" defects in the old charge.

The development came only a few hours after Kirkland had ordered the 44-year-old Brennan to stand trial here next Tuesday.

Brennan had been accused of falsely representing himself as the official manager of the crime committee in order to obtain from the Alderson Reporting Company a record of what Capt. Gilbert told the investigators.

### Hiss Case Messages Flood Parole Board

WASHINGTON, Nov. 21 (AP)—The U. S. Parole Board said today its offices have been flooded with the past week with a record number of letters and telegrams—pro and con—dealing with the Alger Hiss case. The board chairman guessed about 50,000 messages have been received.

Hiss, who was convicted of perjury and jailed for denying that he gave secret information to a Communist agent, became eligible for parole today. Dr. George G. Killinger, parole board chairman, conducted a closed hearing on Hiss' parole application last week at the federal penitentiary at Lewisburg, Pa.

### Former Czech Foreign Minister Admits Treason

VIENNA, Austria, Nov. 21 (AP)—Former Foreign Minister Vlado Clementis confessed in the usual pattern in Prague today to a long series of sins against Stalin. The Czechoslovak Communist purge trial of 14 alleged renegades from Stalinism turned into a violent attack on world Jewry.

The Communist prosecution suddenly produced a long-missing Israeli leftist, held in Prague for a year, as a witness against one of the chief defendants, former Vice Premier and Party Secretary Rudolf Slansky. Slansky recited his own crimes yesterday for more than 3½ hours in what one Western observer here called a "push-button confession."

#### Slansky Linked To Dulles

Details of the Czech government's indictment, broadcast by Prague, quoted Clementis as linking Slansky to John Foster Dulles, just named the next U. S. secretary of state by President-elect Eisenhower. Clementis was said to have reported a conspiracy involving Slansky, Dulles and world Jewry against the interests of Czechoslovakia.

Bedrich Gemindler, one-time power behind the scenes in Czechoslovak communism, also recited a confession, saying he plotted with Slansky to overthrow the government of President Klement Gottwald and "re-establish capitalism."

#### Israeli Leftist Star Witness

One of the highlights of the day's proceedings was the sudden appearance on the witness stand of Mordecai Oren, long-missing member of the extreme leftist Mapam Party of Israel. He had gone to Czechoslovakia in 1951 at the invitation of Communists and was held incommunicado. This was about the time of the arrest of Slansky. Inquiries about Oren by the Israeli government went unanswered.

Evidently he had been coached as a star witness against the 14 defendants, 11 of whom are Jews. Much of the confessions of Gemindler, Clementis and Slansky has concerned alleged plotting with Jews and "Titoists."

#### Two Members Of UEW Who Denied Red Ties Are Jailed

DAYTON, O., Nov. 21 (AP)—Two members of the United Electrical Workers Union (independent) were jailed today shortly after they were indicted on charges of swearing falsely they were not Communists.

The two men are Everet Melvin Hupman, 38, Clarksville, O., and Walter Cornelius Lohman, 41, Dayton. They were taken to the Dayton, O., jail overnight when they failed to post bond of \$5,000 each.

Lohman was indicted by a federal grand jury at Cincinnati and Hupman by a federal grand jury at Dayton.

Both are accused of false denials, in affidavits filed with the National Labor Relations Board, that they

### Join Ike's High Command

President-elect Dwight D. Eisenhower yesterday named George E. Humphrey, 62 (above), a supporter of Sen. Robert A. Taft, as secretary of the treasury in his cabinet. He also tapped Harold E. Stassen (top left) to direct the Mutual Security Agency and chose Herbert Brownell, Jr., (bottom left) as attorney general.

### Daughter Is Born To Judy Garland

SANTA MONICA, Calif., Nov. 21 (AP)—Judy Garland, stage and screen star, gave birth to a 6-pound 4-ounce girl today.

The birth, by Caesarean section, occurred at 4:17 p. m. in St. John's Hospital.

Miss Garland's husband is agent Sid Luft. His assistant, Vern Alve, said nurses described the arrival as "a chunky baby girl who looks just like her mother."

### Figure In Gold Case Indicted

DAYTON, O., Nov. 21 (AP)—A former Air Force civilian employee was lodged in the jail at nearby Troy, O., tonight, a few hours after he was indicted on a charge he lied when he denied he knew Atomic Spy Harry Gold was a Soviet spy.

The indictment was returned by a federal grand jury at Dayton, named Benjamin Smilg, 39, an aeronautical engineer employed at Wright-Patterson Air Force Base near Dayton from 1936 until 1950. Smilg was suspended in 1950.

Smilg was taken to the \$10,000 bond. The maximum penalty under the perjury charge is a \$6,000 fine, 15 years imprisonment, or both.

Gold, now serving 30 years as a convicted spy for Russia, was brought here from the Lewisburg (Pa.) Federal Prison to appear before the grand jury.

### Italian Reds Blame Floods On Government

MODENA, Italy, Nov. 21 (AP)—University students burned Communist leaflets today accusing the government of responsibility for current floods in North Central Italy and Tuscany.

The Communists said the government is responsible because of failure to carry out an effective soil conservation and reforestation program in the Po Valley.

### Truman On Cruise

WASHINGTON, Nov. 22 (AP)—President Truman cruised down the Potomac tonight on the presidential yacht Williamsburg. He planned to return tomorrow.

### Two Members Of UEW Who Denied Red Ties Are Jailed

DAYTON, O., Nov. 21 (AP)—Two members of the Communist Party or affiliated with it. The affidavits are required of union officers under the Taft-Hartley Act.

Both filed non-Communist affidavits in December, 1949, when the UE's position as bargaining agent for electrical workers in several Dayton plants was challenged. The UE had just been thrown out of the CIO on a charge it was dominated by left-wingers. The CIO-International Electrical Workers (IUE) had asked new bargaining elections.

As officers of the old UE, Hupman and Lohman signed the non-Communist affidavits to qualify their union for the election.

### Truman's Budget Is Seen Totalling \$80,000,000,000

WASHINGTON, Nov. 21 (AP)—An informed member of the Truman administration said today the best estimates available at this time indicate the spending program President Truman will lay before Congress in the budget next January will total about \$80 billion dollars.

The estimate was made on the assumption that the international situation will grow no worse in the near future.

The source, who asked that his name and position be kept confidential, based his estimate on a study of current spending, particularly in the defense program.

### Defense Program Lag Indicated

He said close observation of present outlay indicates at this time that the defense program is lagging and will undershoot its \$2 billion dollar goal this fiscal year by about four billion dollars.

This took into account foreign military aid but did not include the atomic energy program, foreign economic aid, or stockpiling.

This analysis of defense spending indicated, the source said, that the defense production program is undergoing a further stretchout, and that it will reach its peak late in 1954.

### FRB Releases Report

A report today from the Federal Reserve Board appeared to harmonize with the administration source's study of defense outlay. The board said in its monthly economic report that defense expenditures—excluding atomic energy, stockpiling and economic aid—in the third quarter of this calendar year were running at a rate of 4½ billion dollars a year.

It said "growth in security outlays during 1952 has been substantially smaller than was anticipated at the beginning of the year...but... apparently is increasing."

#### Stassen Takes Over From W. Averell Harriman

Stassen takes over from W. Averell Harriman the spending of billions on military and economic aid throughout the world.

### Snow Blankets East Tennessee

KNOXVILLE, Tenn., Nov. 21 (AP)—A heavy snowfall—up to 18 inches in some areas—blanketed East Tennessee tonight snarling transportation and communications.

Nine inches of snow had fallen in the Knoxville area by 6:30 p. m., EST. It was still snowing at dusk.

The white flakes drifted down in the Smoky Mountains, closing the Tennessee-North Carolina highway across the Clingman's Dome peak.

In upper East Tennessee, eight inches of snow blanketed out communications in the Tri-Cities area, virtually isolating Kingsport, Johnson City and Bristol.

An amateur radio operator reported at Nashville that a four-vehicle Army convoy was stranded in the Tri-Cities section.

Power lines were out throughout the city, leaving some sections without heat. Two radio stations were off the air because of the power failures.

Two women were injured when a snow-laden marquee fell on them in downtown Knoxville.

It was part of a storm that lashed parts of three other Southern states. Southwest Virginia got 8-10 inches of snow and rain and overflowing streams blocked highways in Virginia's north-central section.

### G. E. Humphrey Will Be Chief Of Treasury

Stassen, Brownell  
Receive Key Posts

NEW YORK, Nov. 21 (AP)—President-elect Eisenhower filled the posts of secretary of the treasury and attorney general today, putting a supporter of Sen. Robert A. Taft in his cabinet for the first time.

He also tapped Harold E. Stassen to direct the multi-billion dollar Mutual Security Agency.

The Taft supporter is George E. Humphrey, 62, a Cleveland iron, steel and coal industrialist whom Eisenhower selected as his secretary of the treasury.

"It was a great surprise to me," said Humphrey. "I have been a supporter of Taft and on his committees from the first time he ever ran for office."

Herbert Brownell Jr., 48, a key adviser to the Dewey administration in New York and a mastermind of the Eisenhower presidential campaign, was chosen as attorney general.

#### FBI Chief Asked To Stay On

Brownell's first order of business was to ask J. Edgar Hoover to stay on as FBI director.

The two appointments today, plus three yesterday, filled five of the nine gaps in the Eisenhower cabinet.

A New York lawyer, Brownell was a braintrust in Gov. Thomas E. Dewey's vain bids for the presidency in 1944 and 1948. Between campaigns he was a trusted Dewey adviser in Albany.

Brownell joined the Eisenhower campaign team, along with other Dewey advisers, in an all out effort by the governor to outpace the new Treasury Department chief, said "this thing came up suddenly." He talked with Eisenhower in New York for three hours Wednesday.

Since Taft was beaten out of the GOP nomination by Eisenhower, Humphrey said he has supported the general but sought no "promises or political commitments."

Humphrey recently was raised from president to board chairman of the M. A. Hanna Company in Cleveland, a big iron ore and coal outfit. He also is chairman of Pittsburgh Consolidation Coal Company, world's largest producer of soft coal.

It was the second day in a row Eisenhower has dipped into the ranks of big industrialists for

## County Civil Defense Ground Corps Lauded

William G. Barger, director of Civil Defense for Allegany County, informed the County Board of Commissioners yesterday that the Ground Observer Corps setup here is considered the best in the state as a result of information furnished the Air Force at a recent meeting at Pikesville.

Charles G. Smith, this city, coordinator for the Ground Observer Corps for the county, listed the program in use in this county at the meeting and General Brunner, director of the 26th Air Defense unit at Roslyn, N. Y., said the Allegany County system was one of the best in the country.

Barger told the commissioners many of the directors of Civil Defense in other Maryland counties will probably contact the board to learn all they can about the program here. The county commissioners' support of the program was termed outstanding by Barger and far in advance of anything other county boards are doing for Civil Defense.

Besides the various county Civil Defense directors and Ground Observer Corps officials the Pikesville session was attended by the national director of the CD program, Air Force officers from the Pentagon in Washington and various state officials.

## Revised Baby Sitter List Now Available

A revised baby sitter list covering all sections of Cumberland is available at the office of the City Recreation Department in the City Hall.

Robert E. Pence, recreation director, said there are several regulations that users of this list and the baby sitters themselves must abide by.

The sitter must not bring along friends or dates.

The duties of the sitter must be

GIVES MORE 'NATURAL-LIKE' RELIEF FROM

confined to the care of the children. Parents and sitters should adhere to the hours of arrival and return.

Parents should leave written information in regards to their destination, any phone number, and the name of an alternate source such as relative, doctor or neighbor and his phone number.

Suitable transportation home should be provided the sitter. A note adds that reasonable refreshments would be appreciated.

## County Teachers Elect Trustees For Fund

Three trustees were elected by the school teachers of Allegany County to administer the relief fund maintained by their contributions.

Results of the election by ballot were William G. Fatkin, Luke School principal, president; Lula M. Blonskey, Pennsylvania Avenue

School principal, secretary-treasurer, and Lewyn C. Davis, supervisor of junior high schools in the county, associate member of the board of trustees.

Ex-officio officers of the fund by reason of their position are Kenneth R. Malcolm, president of the Board of Education, and Ralph R. Webster, superintendent of schools.

## Stepchild Of Congress

When former Governor Millard Caldwell of Florida resigned as federal civil defense administrator, effective November 15, he reported to the President that by the end of 1952 there would be "over 4,000,000 patriotic citizens who have been trained, or who are enrolled for training, in the national civil defense program." This is a substantial accomplishment, probably the most substantial accomplishment, of the Federal Civil Defense Administration and co-operating cities and states since the federal agency was established on a permanent basis at the end of 1950.

President Truman told Caldwell that his faith in the wisdom and patriotism of the American people was never more justified than by "their response to the home-front challenge of these troubled times." But the President did not say as much for Congress; indeed, the civil defense effort has received less encouragement and support from the legislators than any other activity connected with the national defense.

The National Civil Defense Act was put through both houses in December 1950, immediately after Red China's intervention in the Korean War, with only one member voting "nay." It contemplated an expenditure during the ensuing three and a half years of more than \$3 billion, of which about 55 per cent would be put up by Washington, the remainder by states and localities. Representative Durham (D., N. C.), present acting chairman of the Joint Committee on Atomic Energy, said, "The task of civil defense is the greatest challenge ever faced by civil government in this country at the national, state and local levels."

While the country remained at peace the Federal Civil Defense Administration was to exercise coordinating and advisory powers, establish a warning system, assist in training defense workers, stockpile materials for disaster relief, and cooperate with states and localities in providing bomb shelters in critical target areas. Upon declaration by the President that an enemy attack is imminent or has taken place, the head of the Civil Defense Administration will have very sweeping powers, including peremptory power to seize real and personal property for purposes of civilian defense.

If Congress seemed somewhat panicky two years ago, it has since maintained an attitude of unruffled calm on home-front defense. A request by the President in January 1951 for \$400 million to get the civil defense program under way was cut by Congress to \$317. The President warned the legislators in June that there was the threat of "sudden devastating attack at any time on our major cities," and he asked an additional appropriation of \$535 million. This was cut below \$75 million by Congress.

The President's January budget in 1952 requested \$575 million for the Civil Defense Administration. In April he reminded Congress that defense of the civilian population was an "indispensable part of our total security program." He said: "We need increased stockpiles of medical and other supplies. We need shelters. We need extensive training of our people in areas vulnerable to attack. We need all these things and need them fast."

While appropriating some \$60 billion for the buildup of military defenses, atomic energy expansion, and defense aid to foreign countries, Congress cut the January estimate for civil defense to \$43 million — or by 92.5 per cent.

## Bench and Bathroom

A public shaken by nuisances of the late political campaign knows exactly how Judge Ritter in Salt Lake City and the neighbors on Long Island feel about it. We mean noise, senseless, needless, nerve-racking noise. And the spontaneous crusades for peace and quiet which have erupted on these distant and disparate fronts are certain to enlist silent, sympathetic support.

Take the case of Judge Ritter. He presides over the United States District Court in Salt Lake City, in all respects save one, an admirable place. The exception is the United States Post Office. By unfortunate juxtaposition it's just beneath Judge Ritter's courtroom. Daily the court is assailed by "whistles, catcalls, ribald remarks," the thud of falling mail sacks, the crash and roar of steel-wheel trucks pounding over wooden floors. The total effect is that of an over-worked bowling alley and the sound is brought to Judge Ritter's court by way of an air-conditioning vent that doesn't otherwise work.

The neighbors in Long Island City have trouble no less acute than Judge Ritter's. Their trouble, however, is not mail trucks. He's a tenor. A bathroom tenor. One day, harassed neighbors told a magistrate, he sang from 7:45 A. M. until dusk. Eighteen times in succession he let them have "Mama" from "cavalleria Rusticana." That did it. The neighbors went to court, a sympathetic judge said nobody had to stand that, and forthwith banished the tenor to the apartment house basement, where for one hour a day he can sing and sing and sing—so long as the doors and windows are locked.

Judge Ritter's plight isn't so easily solved, but no doubt he will get better co-operation from the postmaster and clerks he haled before him than he has been getting by writing notes. Anyway, the news from Salt Lake and Long Island is encouraging; shows what can be done when noise-stricken victims are properly aroused.

## Innocents Abroad?

The State Department is trying to locate 17 Americans who allegedly attended the Communist-sponsored "Peace Conference of the Asian and Pacific Regions" in Peiping October 2-12. It wants to ask them whether they attended and, if so, how they got there.

Did they violate passport regulations? The State Department announced before the rally that it would issue no passports to Americans to attend. In fact, a ban on passports to Iron curtain countries has been in effect for the last six months.

China, as those who attended the Peiping conference were well aware, is fighting American and other forces in the Korean War. The 17 Americans, if the Red radio told the truth in saying they attended, were in effect giving aid and comfort to their country's enemy in a shooting war. But they apparently face nothing more than possible punishment for infraction of passport regulations.

The Peiping conference issued a number of resolutions, in which the United States was accused of bacteriological warfare, massacre of war prisoners and aggression against the Korean people.

# How To Keep Well

By Dr. T. R. Van Dellen

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made under proper limitations. When return stamped envelope is enclosed Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

## The Neurotic Makeup

The personality of the neurotic is so complex it is hard to define. Furthermore, because the emotional makeup is acquired early in life, treatment is difficult as most of the precipitating factors of the neurosis have been forgotten.

Many neurotics lack emotional maturity, one of the basic requirements for happiness and a well-adjusted life. As the individual passes through adolescence there is a struggle between the desire to remain under the protection of the parents and the wish to achieve economic, emotional, and intellectual freedom. The immature person rarely overcomes dependency. Some never make a go of life; others need help from friends and relatives. When such moral support is not obtainable, especially during trying times, neurotic symptoms appear or these men and women turn to alcohol or drugs. Now and then, they cover up their helplessness which leads to inner tensions and the accentuation of nervousness.

Emotional dependency has the same effect. It may be reflected in lack of or too much affection. These states encourage unreasonable feelings, such as superiority, inferiority, or egotism. There is insufficient aggressiveness for constructive effort and self-defense. All too often, their emotional status never extends beyond the adolescent level which may go unrecognized during childhood, but is too inadequate to carry them through adulthood.

Neurotics also have a fear complex. They become anxious over insignificant incidents in contrast to the normal man or woman who resorts to fear only when his life or security is threatened. The cause of this emotion is unknown to the sufferer, which aggravates the situation because fear feeds on fear. Freedom of thought and conscience are lacking in neuroses; these men and women let others think for them. Furthermore, they have difficulty in making decisions. Much of this trouble stems from the fact that they have acquired a rigid conscience which allows little leeway and is a source of unhappiness and mental breakdowns. Now and then it becomes a fanatic zeal to follow "the wishes of the loved one," usually the mother.

This type of conscience, acquired through dogmatic moral training in childhood, is responsible for the feelings of guilt that underlie the neurosis. Some psychiatrists believe that if the case of this feeling can be discovered, half the battle is won. Thereafter, it becomes a matter of assisting the victim to find insight into his problem so that he can think his way out of his mental conflicts. In this way he develops self-reliance and independence.

## AEROPHAGIA

T. G. writes: The doctor tells me that the bloating and belching I suffer from are brought on by swallowed air. I am not conscious of doing this, which makes it difficult for me to stop. Have you any suggestions?

## REPLY

Rapid eating and drinking or talking and laughing while eating may result in swallowing air. Some persons have become addicted to burping and derive emotional satisfaction from it. One authority states that the persistent belcher swallows air as the finale of the belching procedure. He suggests that whenever the urge appears, an empty thread spool should be placed between the lips. The airway maintained through the hole in the spool prevents air being swallowed after the belch.

## RAPID HEART AFTER EATING

L. F. writes: What causes the heart to beat faster for an hour after a good sized dinner?

## REPLY

The stomach needs more blood for the process of digestion and the heart responds by pumping faster to meet the demands.

## PIT IT

Mrs. D. writes: Can young children safely eat watermelon?

## REPLY

Yes, and the majority love it. For very young children the seeds should be removed before serving.

## DON'T FEAR THIS HOUSE

Mrs. K. writes: Is there any danger in moving into a house where there was a death a year ago from polio?

## REPLY

No. VEINS AND DANCING  
Mrs. T. writes: Would it be safe for a young woman with varicose veins on the legs to study ballet?

## REPLY

Yes, because dancing will not interfere with the successful treatment of varicose veins.

## CONTROL OF DIABETES

T. D. writes: Is there any possibility of arresting diabetes?

## REPLY

Yes, with insulin and a suitable diet. It is well to remember that "arrested" means control rather than cure.

# No Way To Treat A Volunteer

## Bandit Is Slain In Money Truck Holdup Attempt

ST. LOUIS, Nov. 21 (AP)—A bandit disguised as a guard was slain and a guard was overcome by an ammonia bomb here today in a daring attempt to hold up an armored money truck outside a bank on a busy business street.

The robber set off a home-made bomb in an effort to overpower Guard Thomas F. Doerflinger, inside the locked money compartment.

Before he collapsed the gas-huffed Doerflinger managed to fire five shots through a small opening. Three of the shots struck the unidentified robber, wounding him fatally.

Bags of money in the truck were untouched. Guarantee Service Co., owner of the truck, said a "lot of money" was being transported but declined to say how much.

The holdup man, wearing a khaki shirt and trousers similar to the uniform worn by the guards, approached the truck just after two guards entered the bank to make a "large delivery" of cash.

Police said the robber got into the unoccupied cab of the truck and unwrapped a brown paper package containing a crude bomb fitted with a three-foot length of copper tubing. They said a witness reported the bomb apparently went off prematurely.

But the robber inserted the tube into an aperture at the back of the cab and sent a stream of blinding gas into the money compartment where 24-year-old Doerflinger was on guard.

"I was able to get my revolver out and fire through the peephole into the front of the truck, Doerflinger related later. 'I don't know whether I hit him or not.'

"Then I went to the back door for air, grabbing a shotgun to protect that entrance. I must have passed out then, because that's all I remember."

## Policeman Captures Gunman On Train

KINGSTON, Jamaica, Nov. 21 (AP)—An irate passenger pulled out a gun instead of a ticket on a train 50 miles from Kingston today and shouted "Clear the train or I'll shoot."

A frightened guard who had asked for the ticket and almost all the passengers left the car. But a policeman who stayed behind managed to overpower the gunman, who was turned over to authorities at the next stop.

**THWARTS HOLDUP**—Thomas F. Doerflinger is shown in a St. Louis hospital after he prevented the holdup of an armored money truck outside a bank yesterday by slaying the disguised robber. In an effort to overpower Doerflinger, the holdup man set off a home-made ammonia bomb inside the locked money compartment of the truck. Before he collapsed, the blinded Doerflinger managed to fire five shots through a small opening and the robber fell, fatally wounded. (AP Wirephoto)

## Potter Election Dispute Flares

WASHINGTON, Nov. 21 (AP)—A Senate committee tonight asked that the official certification of Rep. Charles E. Potter as senator from Michigan be delayed, and state officials promptly rejected the request.

Potter, a Republican, defeated Democratic Sen. Blair Moody in the Nov. 4 election. The official canvass put his margin at 45,935 votes. The Senate Elections subcommittee has been asked to investigate what State Democratic Chairman Neil Staebler termed many irregularities in the count.

The subcommittee has sent investigators into Michigan, and Chairman Hennings (D-Mo.) said the group decided to ask that official notice of Potter's election be held up pending completion of a preliminary probe.

The election was certified today by the State Board of Canvass, but Hennings said official notice had not yet been dispatched to the Senate. At Lansing, D. Hale Brake, acting chairman of the board, rejected the request.

Brake said the state had completed all requirements toward certifying Potter as senator. He said the board saw no reason to change its mind.

What is THE IRON MISTRESS?

## Living Cost Index Inches Upward

WASHINGTON, Nov. 21 (AP)—The government's cost of living index, despite slight declines in the prices of food and clothing, inched upward again in the month ended Oct. 15.

The change was one-tenth of a point, from 190.8 on Sept. 15 to 190.9 on Oct. 15. The all-time high of 191.1 was reached in July. The figures compare with average prices in the years 1935-39, which are used as a base of 100.

What this means is that for each \$10 an average family spent in 1935-39 on its budget, in mid-October it had to spend \$19.09 for similar items.

The tiny change in the 30 days before Oct. 15, coupled with drops in August and September, means that about a million workers in the automobile and aircraft industries will take a pay cut of a cent an hour, effective Dec. 1. Their wages are tied to the index, which is computed by the Labor Department's Bureau of Labor Statistics.

## Princess Denies She Hired Jewel Thief

HOLLYWOOD, Nov. 21 (AP)—A Polish princess today flatly denied the assertion of a youth in custody that he was hired by her to steal her jewels for publicity purposes.

"I never saw this boy, I never even heard his name," said the princess, Wladyslaw Jerzy Boguslaw Radziwill, 24, when she met him at the Hollywood police station.

The young man, who has been booked on suspicion of burglary, is 21-year-old Leonard Blecher, a fashion model.

Blecher told police that the \$20,000 theft of jewels and valuables was initiated by the princess.

## Girl For Jane Powell

PORTLAND, Ore., Nov. 21 (INS)—Jane Powell, motion picture singing star, became the mother of a 6½ pound girl in Hollywood today.

The actress and her husband, Geary Steffens, named their daughter Suzanne Eileen. Suzanne is the mother's given name. They also have an 18-months old son.

THE IRON MISTRESS is headed your way!

## Salute Is Muffed Coming And Going

OTTAWA, Nov. 21 (AP)—There are some red-faced gunners in Canada today. They flubbed the salute to Governor-General Vincent Massey yesterday—both coming and going.

When Massey arrived at the Parliament buildings to open a new session two guns started the 21-gun salute until one misfired. Men at the other gun lost count and between the two they wound up with 24 rounds.

When he left, the guns fired 20 rounds and the final gun misfired. It was 20 minutes before the 21st round boomed out.

## Truck Driver Faces Quiz In Girl's Death

BRATTLEBORO, Vt., Nov. 21 (AP)—Nineteen-year-old Rosamund Burrington was found today with her throat slashed and New York City police picked up her closest male friend tonight for questioning in her death—which a state pathologist called "a clear case of murder."

State's Attorney Edward A. John identified the man as Charles Davies, 26, and said he was reached via a state police alarm after leaving Brattleboro this morning on his regular trip as a truck driver for a local printing firm. He was taken to the 30th St. precinct.

John said the man agreed to return for questioning.

Watch for THE IRON MISTRESS!  
Adv.—N-T Nov. 22

## Pair Lost 42 Days In Wild Swamp Survived Ordeal On Faith, Fish

HOMERVILLE, Ga., Nov. 21 (AP)—A young sailor and a Marine today related a story of surviving on faith and fish while lost for six weeks in South Georgia's wild Okefenokee swamp.

The bearded, ragged pair—Apprentice Naval Airman William E. Denham, 17, and Marine Corps Pfc. George Anderson, 21—stumbled upon a farmer in the swamp last night.

He gave them the first good meal they'd had since becoming lost in October while on a fishing trip during furlough from the Jacksonville, Fla., Naval Air Station.

They entered a Homerville hospital last night, thin and tired but otherwise apparently in good condition.

Anderson, whose wife, Lucille, lives in Hague, N. Y., dropped from his normal 168 pounds to 124. Denham, whose home is in Dan-

ville, Ky., fell from 189 pounds to 130.

The two lived mainly on fish during their six weeks in the desolate, 600 square mile Okefenokee, which is largely a haven for snakes, alligators, wildcats and other wild life.

## U. N. Group Picks Rome

GENEVA, Switzerland, Nov. 21 (AP)—A United Nations committee preparing for a 1954 conference on world population recommended today that it be held in Rome. The U. N. Economic and Social Council had instructed the committee to find a spot entailing the least expense for the U. N.

## Mother Chokes Baby Daughter To Death

ST. PAUL, Minn., Nov. 21 (AP)—Police said today a 25-year-old mother called asking for an ambulance, saying she had choked her 22-month-old daughter to death.

Mrs. Kenneth Jensen admitted police to her apartment where the child, Christina Ann, was dead on a couch.

Talking readily to a St. Paul Dispatch reporter, Mrs. Jensen said: "I got the baby up from her bed, dressed her and played with her. All of a sudden I got an urge—no reason at all."

"I came up from behind, put

my arm around her neck and just held her tight. I don't know how long I did this, but I did feel the baby go limp."

## Madeline Cooper To Become Bride Of Donald Gardner

Miss Madeline Cooper, daughter of Mrs. Pansy Cooper, RD 5, Cumberland, and the late Robert L. Cooper, is to become the bride of Donald Gardner, son of Mr. and Mrs. G. O. Gardner, 317 Bell Avenue, Altoona, Pa., tonight.

## Paddleford Feigus Top Bridge Field

A. J. Feigus and J. D. Paddleford were North and South and Mr. and Mrs. Frank Hott, East and West winners in the Special Winners Game of the Western Maryland Bridge Association, Thursday night. The 12 tables playing 24 boards with a top of 11 on each board and an average of 132 featured the Special Winners Game in Section A at the Fort Cumberland Hotel.

North and South first place winners and the top pair in the field with a score of 181 plus and an average of 68.8 were A. J. Feigus and J. D. Paddleford; second with 142 plus and an average of 54, were Mrs. J. D. Paddleford and Mrs. Mary Deal; third, with 132 and an average 50 percent were Mrs. Norman Taylor and John Wilkinson; fourth, with 130 plus and an average of 49.4 were Mr. and Mrs. George Ward; and fifth with 129 plus and an average of 49, were Mrs. William A. Douglas and Miss Rose Jackson.

East and West first place winners with 156 plus and 59.3 were Mr. and Mrs. Frank Hott, Keyser; second, Brother Joseph and C. C. DeHaven with 155 and an average of 58.7; third, H. C. Shores and Harry Ows, Keyser, with 149 plus and an average of 56.6; fourth, Mrs. Richard Winer and A. D. Heacock with 142 and an average of 53.8; fifth, R. A. Davis and Richard Winer with 141 plus and 53.6.

In Section B there was a six and one half table Mitchell game with North and South playing 28 boards and East and West 24.

Mrs. M. B. Sloan and Mrs. Fred Puderbaugh were first place North and South; Mrs. Thomas Hannon and Mrs. Gerald Everstein, second; Miss Julia Jackson, Mrs. A. D. Heacock, third. The East and West first place winners were Thomas Hannon and Edward Sell; second, Mrs. Donald Grove, John Schaidt; third, Mrs. Milton Gerson and Mrs. Irvin Pariser.

In the Potomac Valley Bridge Club's session, Wednesday night at the hotel, there was a nine table Straight Mitchell game with a top of eight on each board and an average of 108.

The North and South first place winners with a score of 135 and an average of 62.5 were Mrs. Emmett Jones and Mrs. Edward T. Jones; second with 119 and an average of 55 percent were Mrs. Russell Bortz and Hugo Keller; third, with 116 plus and an average of 53.9 were Mrs. Norman Taylor and Mrs. Ralph Nevy.

East and West first place winners with 137 plus and an average of 63.6 were Mrs. Henrietta Snyder and R. A. Davis; second with 120 plus and an average of 55.4 were George Ward and Clyde Rowe; third with 119 plus and an average of 55.7 were George Bortz and Dr. Paul Castelle.

November 25 will be a Full Master Point night of the Potomac Valley Bridge Association and November 28 will be Full Master Point Night of the Western Maryland Bridge Association.

Ten members of the Cumberland club are leaving next week for Miami Beach, Fla., to play in the "Winter Nationals" opening November 29 and continuing nine straight days, with sessions afternoons and evenings, to and including December 7.

## Personals

Norman E. Goldblatt, Perryville, is spending the weekend visiting Mrs. Goldblatt and the children at the home of her mother, Mrs. Morris Rosenbaum, The Dingle.

## 84 Nurses Enroll In CD Course

Due to the exceptionally large group of graduate registered nurses from District No. 1, Allegany county, attending the Civil Defense Nursing Training program a larger room will have to be found for future meetings.

There were 84 graduate registered nurses signing up to take Parts III and IV of the Civil Defense Nurses Training program. The first meeting was held Wednesday in the Civil Defense headquarters, Union Street.

Dr. A. J. Mirkin was guest speaker. His topic was "emergency and continued care for burns, wounds and lacerations, fractures, radiation sickness, appraisal and treatment of unconsciousness, shock and hemorrhage."

In enrolling the group it was pointed out that "a knowledge of Civil Defense is not only the patriotic duty of every citizen, but it may spell the difference between life and death to the individual, the family or those dear to them."

All nurses of District 1 are urged to attend this course. They may register by contacting Miss Elizabeth Carroll, R.N.

The date and place for the next meeting will be announced when a larger place for it is obtained.

## Nancy Largent Will Become Bride Of Donald E. Hensel

Miss Nancy Lou Largent, daughter of Mr. and Mrs. George A. Largent, 24 Potomac Street, will become the bride of Donald E. Hensel, son of Mr. and Mrs. Elmer G. Hensel, Eckhart, tonight. The wedding ceremony is being solemnized at 7 o'clock in Central Methodist Church, with Rev. Edgar Hammels officiating. Bouquets of white flowers are being used in the decorations.

Mrs. Joy Cunningham is to be her sister's matron of honor and only attendant. William Rephann is serving as his cousin's best man. Donald Largent and Herman Cunningham will be the ushers. Miss Lois Kelly will sing, "O Promise Me," and "I Love You Truly," preceding the ceremony.

The bride, who is being given in marriage by her father, will wear the traditional white bridal gown and veil. Her matron of honor's ballerina length gown is of blue nylon net.

Mrs. Largent has chosen a black dress with white accessories for her daughter's wedding while Mrs. Hensel will be in gray with black accessories.

The bride is a graduate of Allegany High School and Memorial Hospital School of Nursing. She is employed on the staff of the hospital. The bridegroom is a graduate of Beall High School and the University of Maryland. A veteran of 18 months service in the Air Force, he is employed at the Allegany Ballistics Laboratory.

Mr. and Mrs. Largent are entertaining with a wedding reception for their daughter and her bridal party at the Moose home following the ceremony. The bridal motif is being carried out in the tiered cake and decorations.

After a wedding trip to Florida, Mr. Hensel and his bride will reside at 601 1/2 Hill Top Drive.

Class Elects

Mrs. Evelyn Burke was elected president of the Excelsior class of Grace Methodist Church at the meeting recently at the home of Mrs. Burke. Other officers are Mrs. Eva Corrick, vice president; Mrs. Betty Appell, secretary; and Mrs. Ethelwyn Sidaway, treasurer.

Taking part in the program were Mrs. Edna Long, Mrs. Thelma Swartzwelder, and Mrs. Evelyn Driver.

**Bethel Evangelical United Brethren**—Corner of

When John, Mary, and Faith set out to church that morning nearly 300 years ago, it was with a deep sense of thankfulness.

It had been a busy but a good year. Now they had a small cabin, built after cutting and dragging heavy logs from the woods. They had cleared, planted, and harvested a small plot of ground. They had survived serious illnesses and the future stretched promisingly across this land of freedom and boundless opportunity.

But through all their thoughts ran a note of deepest gratitude because no one could tell them how they must worship. They were free to do as they pleased.

Today, in America, you still have this privilege of going to the church you choose, of working and living where you choose.

In America—with material, educational, and spiritual advantages not even dreamed of in other lands—every day is Thanksgiving Day!

# Every Day is Thanksgiving Day

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses
Sunday	Psalm	26	1-12
Monday	Psalm	92	1-9
Tuesday	Psalm	93	1-7
Wednesday	Psalm	100	1-5
Thursday	Mark	14	17-26
Friday	Luke	17	11-19
Saturday	Colossians	3	12-17

**Church of the Brethren**—Corner Beall and Stoyer Streets. Rev. B. B. Ludwick, pastor. Sunday school, 10 a. m.; worship, 11 a. m. subject, "Thanksgiving."

## Seal Sale Drive Is Below Quota

After the first week, the Allegany County Tuberculosis Association's Christmas Seal Sale drive shows that returns are \$400.73 less than returns for the same period in last year's campaign.

Glenn K. Davis, county chairman, reported the first week's total as \$2,726.07 as compared to \$3,126.80 in the last year's first week of the drive.

A breakdown shows \$314.60 was received from Frostburg; \$203.50 from Westernport, and \$2,207.97 from Cumberland and other county communities.

Davis stressed that this year's Seal Sale is more important than it has ever been. The association this year has the burden of many more people who are new cases in the program, more persons have been hospitalized, more clothing must be bought for the needy patients and many more facilities for patients are necessary.

## William Condon's Will Admitted To Probate

The will of William F. Condon, who died October 25, was admitted to probate yesterday in Allegany County Orphans Court.

Condon, who was 64 and lived at 308 Pulaski Street at the time of his death, left the Pulaski Street property to his sister, Miss Margaret A. Condon, for life. After her death it will go to his daughter, Miss Angela M. Condon. Except for \$500 to SS. Peter and Paul's Catholic Church for masses, all of the rest of the estate was bequeathed to his daughter.

His sister and daughter were appointed administrators c. t. a. of the estate after Patrick Conway and Ursula Conway renounced as executors of the estate. The will was dated May 2, 1947.

## Area Students Named To College List

Two area students at Mount St. Mary's College, Emmitsburg, have been named to the dean's list. They are Thomas O. Keech, 920 Maryland Avenue, and Terrence J. Thomas, 215 Broadway Street, Meyersdale, Pa.

Keech, an accounting major, is active in intramural sports and is a graduate of LaSalle High School. Thomas a biology major, is a member of the varsity tennis team and is active in intramural sports. He led the freshman class during the last two terms.

## Marriage Licenses

Orville Glenn Ketterman, 418 North Mechanic Street, and Agnes Helen Ash, 430 Central Avenue. Clifford Rightenour, Six Mile Run, Pa., and Betty Jane Fleck, Defiance, Pa.

Donald Gene Gardner, 317 Bell Avenue, Altoona, Pa., and Madeline Loretta Cooper, RFD 5.

## Hospitalized

Theodore Bugg, 525 Eastern Avenue, is a patient in Memorial Hospital.

## Births

Mr. and Mrs. Stanley Merritt Jr., Omaha, Neb., formerly of Cresaptown, announce the birth of a daughter Monday. The mother is the former Miss Dolores Karns.

**Sacred Heart Hospital**  
Mr. and Mrs. Robert C. Mattingly, 513 Rose Hill Avenue, a son yesterday.

**Memorial Hospital**  
Mr. and Mrs. Donald R. Kuhn, Hyndman, a son yesterday.

Mr. and Mrs. Charles W. Wolford, Fort Ashby, a daughter yesterday.

Mr. and Mrs. Douglas Durbin, 319 Laing Avenue, a son yesterday.

## Heavy Rains

(Continued from Page 16)

p. m. Wednesday. The total between 8 a. m. and 8 p. m. yesterday was 2.26 inches.

At 7 p. m. the Potomac River at Wiley Ford Bridge stood at 5.4 feet. Flood stage is 17 feet. The river continued to rise slowly later in the evening, but neither Goldenrod nor Fire Chief Virgil A. Parker, who was checking the stream every hour, saw any danger of high water here.

Elsewhere in the state, several main highways were closed by rising water. These included U. S. 240, which was blocked at Bennett's Creek southwest of Frederick, U. S. 40 at Frederick, U. S. 15 north of Frederick and U. S. 40A near Middletown.

**No Phones, Power Out Here**  
The Chesapeake and Potomac Telephone Company reported 3,700 phones out of commission in the state, 1,400 of them in Western Maryland counties.

But C&P officials here said they had surprisingly little trouble, and most of that only in rural areas. The Potomac Edison Company had some minor troubles with service wires from utility poles to homes, but had no widespread distribution problems.

One person was reported missing after he drove a car into Ballinger Creek two miles southwest of Frederick and apparently was swept downstream.

The Coast Guard was chasing all over Chesapeake Bay trying to round up several barges and an 18-foot runabout as a Northeaster piled up high tides and brought out small craft warnings in the wake of a 55-mile-an-hour gale.

**Fills Up Reservoirs**  
Although the rain, to most people, had outlived its usefulness, at least one group of city officials were happy about the downpour.

Beaming water officials watched the heavy rains build up water reserves in Lake Koon, which had dropped to 24 feet below the spillway when the rain began.

George M. Hitchcock, superintendent of the Evitts Creek Water Company, said the 2.56 inches of rain which had fallen by yesterday morning had raised Lake Koon half a foot.

The ground, he added, was practically at the saturation point and the run off was increasing by the hour.

A few more days like the present would fill the dams to overflowing, he added.

## DEATHS and FUNERALS

### KENNETH T. LEAKE

Kenneth Thomas Leake, 45, a native of Westernport, died Thursday evening at his home in Verona, Va., following a lingering illness.

Mr. Leake was a painter by trade. He was born, June 28, 1907, and was a son of the late Thomas and Cordelia (Crawford) Leake. Surviving, besides his widow, Mrs. Annie (Reese) Leake are four sisters, Mrs. B. W. Hodges, Akron, Ohio; Mrs. Gay Sanders, Keyser; Mrs. B. J. Davis, Mrs. W. E. Spotts, both of Cumberland.

A brother, Samuel Leake, Elkins, died about five years ago. A funeral service will be conducted today at 2 p. m. at the residence. Burial will be in Verona.

### RONALD GARY BRODE

MIDLAND—A funeral service for Ronald Gary Brode, five-year-old son of John and Elizabeth (Jenkins) Brode, who died November 15, at the home of his maternal grandparents, Mr. and Mrs. James Jenkins, Gilmore, was conducted Sunday at their residence.

Rev. Louis Emerick, pastor of the Methodist Church, officiated. Interment was in Frostburg Memorial Burial Park. Pallbearers were Carl Donald Jr., Ray Robertson, Harry Jenkins, Blaine Blubaugh, Norman Jenkins, and Billy Cuthbertson.

**MRS. J. M. MCINTIRE**  
WESTERNPORT — Mrs. J. M. McIntire, 71, Flemingsburg, Ky., stepmother of Mrs. Catherine McGiboney, member of the Bruce High School faculty, died at her home Thursday morning of a heart attack.

Surviving besides his parents are his widow, Mrs. Violet (Weber) Hohing; two sons, Thomas Hohing, Charles Hohing, East McKeesport; a daughter, Miss Susanne Hohing, also of East McKeesport.

Three sisters, Mrs. Isaac Stakem, here; Mrs. Jean Laughlin, Wilkinsburg; Mrs. Bertha Bauer, Turtle Creek, Pa.; three brothers, August Hohing, Wilkinsburg; Oscar Hohing, McKeesport.

A funeral service was conducted Monday at Feit Funeral Home in East McKeesport with burial in Penn-Lincoln Memorial Park there. Mrs. Stakem attended the funeral.

### BOHON, WANDLESS RITES

Joint funeral services were held yesterday afternoon in Stein's Chapel for the three persons found dead of carbon monoxide poisoning Tuesday night at a North Centre Street apartment.

They were Marvin Paul Bohon, 40, his wife, Mrs. Flora Ellen Bohon and her sister, 11-year-old Pearl Wandless. Major Elmer Wall of the Salvation Army officiated. Interment was in Zion Memorial Cemetery.

Pallbearers were Thomas Ringer, William Goetz, Charles Goetz, Paul Harris, Walter Gray and Daniel Grinkey.

**MRS. CLARA CREUTZBURG**  
Mrs. Clara (Barnes) Creutzburg, 95, widow of Herman Creutzburg, for many years in the mercantile business at Oakland, died Thursday at the home of a niece, Mrs. John Whitlock, Bluefield, W. Va.

Mrs. Creutzburg was a sister of the late Rev. W. W. Barnes, who served as pastor of Centre Street Methodist Church here, and as superintendent of the Baltimore Conference. A daughter of the late John and Nancy (Shaw) Barnes, Mrs. Creutzburg was born in Barton, this county, in 1857. After her marriage she lived in Oakland for many years. For several years she resided here at Allegany Inn and then went to Bluefield to live with two nieces, Mrs. Whitlock and Mrs. Victoria (Coles) Alexander. She visited Mr. and Mrs. Albert H. Macy, Braddock Road, as recently as a year ago.

Services will be conducted this afternoon at the Westminster Presbyterian Church in Bluefield followed by interment in the cemetery there.

### County Births

(Continued from Page 16)

rage, three; heart diseases, 13; nephritis, one; motor vehicle, two; other accidents, one, and six from other causes.

The number of deaths in Allegany County was 56. In Garrett County, 15 deaths were recorded, one from cancer, one from cerebral hemorrhage, nine from heart diseases, two from pneumonia, one from other accidents and one from other causes.

and Allie (Cline) Rephann of Frostburg. He was employed by the Firestone Tire and Rubber Company.

Surviving are his widow, Mrs. Katherine (Hager) Rephann; two daughters, Misses Betty and Wilma Rephann, both at home; two brothers, Clarence and Alfred Rephann, both of Frostburg, and a sister, Mrs. Bella Eisel, Conso.

The body will arrive here tomorrow and be taken to the Haffel Funeral Home, where services will be conducted at 2 p. m. Monday.

### MRS. SUSAN R. LONG

KEYSER—Mrs. Susan Rebecca Long, widow of Dr. Carter I. Long, died Thursday night in Potomac Valley Hospital, where she had been a patient 10 days.

A native of Garrett County (Md.), she was a daughter of the late Reshack and Mollie Browning. Mrs. Long, who had resided in Keyser most of her life, retired several years ago as house mother of Davis Hall at Potomac State School and since then had lived with her daughter, Mrs. John R. Shelton, Arnold Street.

Mrs. Long was a member of First Methodist Church and the WSCS and choir of the church. She also held membership in the Keyser Women's Club and sang in that organization's chorus.

Surviving, besides Mrs. Shelton,

# Potomac State To Open Basketball Season December 3

## Cats To Play 15 Conference Engagements

22 Games On Card; Lough Starts 18th Year As Director

Potomac State's Catamounts will play a 22-game basketball schedule this season, including 15 tilts in the West Virginia Intercollegiate Athletic Conference.

Coch Danna G. Lough will again be at the helm of the Catamount five, the 18th year "Horse" has been athletic director at the Keyser school.

The West Virginia University junior college team will open its campaign against Mountain State College, a newcomer to the schedule, December 3 at Keyser, and closes the regular slate February 21 at Shepherd College, Shepherdstown, W. Va. They play 11 games at home and 11 on the road. All home games will get underway at 8 p. m.

The team will then participate in the West Virginia Conference state tournament at Buckhannon, February 25, 26, 27 and 28.

Included in the Cats' conference schedule are home and home contests with Bluefield, West Virginia Tech, West Liberty, Shepherd, Fairmont State and single frays with Alderson-Broadhead, Morris Harvey, Concord, Beckley and West Virginia Wesleyan.

Returning veterans of last year's five which won 15 games while losing eight are George Baird, Romney, W. Va., guard; Robert E. Lee, Walton, W. Va., guard; Vincent Murovich, Pittsburgh, Pa., forward; Richard Poe, Grafton, W. Va., guard; William Sutton, Greenbank, W. Va., forward; and Joe Talbot, Webster Springs, W. Va., forward.

First Year Players  
First year men on the squad for 1952-53 are Erwin "Doc" Berry, Piedmont, W. Va., guard who starred last year for Bruce High of Westernport; Gerald Cool, Mill Creek, W. Va., guard; Harry Goode, Parsons, W. Va., forward; David Hercules, Wellsburg, W. Va., forward; Ralph Holder, Clarksburg, forward; Fred Lee, Walton, guard; Mason Brooks, Marlinton, W. Va., forward; Ira Robinson, Harrisville, W. Va., forward; Bob Renfro, Mill Creek, forward; Joe Sisselberger, Alexandria, Va., forward; Bayard Shimer, Elkins, W. Va., forward; and Harry Stoutmyer, Keyser, guard. The schedule, with home game referees and scores of last year's games follows:

**AT HOME**  
Dec. 3-Mt. State College, DNP, Bill Hahn and Clifton Van Roby.  
Dec. 4-Bluefield, DNP, Bill Hahn and Bob Pence.  
Dec. 12-West Virginia Tech, 64-68 and 73-91, Bill Hahn and Roy Lester.  
Dec. 13-West Liberty, 59-77 and 67-88, Bill Hahn and Bob Pence.  
Jan. 10-National Business College, Wash. D. C., DNP, Bob Pence and Bobby Cavanaugh.  
Jan. 16-Westinghouse Apprentice, Pittsburgh, 91-85, Roy Lester and Dick McElwee.  
Jan. 17-Shepherd, 92-72 and 82-76, Clifton Van Roby and Bob Pence.  
Jan. 28-West Va. University Freshmen, DNP, Bill Hahn and Bobby Cavanaugh.  
Jan. 31-Alderson-Broadhead, 72-69, Bill Hahn and Van Roby.  
Feb. 11-Frostburg State, 85-70 and 77-52, Bill Hahn and Van Roby.  
Feb. 13-Fairmont State, DNP, Van Roby and Bob Pence.  
**GAMES AWAY**  
Dec. 9-West Va. University Freshmen  
Dec. 18-Frostburg State  
Jan. 12-West Va. Wesleyan, DNP  
Jan. 13-Fairmont State  
Jan. 24-West Liberty  
Feb. 3-Beckley, DNP  
Feb. 6-Concord, 85-73  
Feb. 7-Bluefield  
Feb. 13-Morris Harvey, 59-72 and 63-65  
Feb. 14-West Va. Tech  
Feb. 21-Shepherd College

## Stadium Inn Scores

Stadium Inn retained its one-game lead over the Cumberland V.F.W. in the Allegheny County Men's Shuffleboard League by winning two out of three games from the Cumberland Woodmen of the World last night at Frostburg.

The Mountain City team leads with an 18-6 record and is trailed by the Vets with 17-7.

Duckworth was high man for Stadium Inn with 21 points. T. Gibson paced the losers with 22.

## Sneaks to Victory

WEARING SNEAKERS instead of spikes, Charlie Capozzoli, Georgetown university senior, runs away with the IC-4A cross-country title in New York, going around the five-mile course in the time of 24:30.1, which shaved 25 seconds off time set last year. Mich. State won team title. (International)

## Sport Slants

Black May Play Here  
Generals Are Strong  
Half Millers Perish  
Eck's Eleven On Top  
By C. V. BURNS

Local basketball fans may get an opportunity to see Joe Black, pitching ace of the Brooklyn Dodgers, who was voted the National League's outstanding rookie of 1952, in action when the New York Broadway Clowns play Bob Pence's Old Germans basketball team here on the night of Wednesday, December 3.

Black is billed to play with the Clowns against the Chicago Brown Bombers at Turner's Arena, Washington, D. C., Monday, December 1, two days before the contest here and he'll likely accompany the road team to Cumberland.

Joe, who won 15 and lost 4 for the Dodgers last season, plays a forward position for the Clowns.

The role of basketball star will not be strange to Black, who was an all-around athlete in his college days, sparking the basketball, baseball and football teams at his alma mater, Morgan State College, Baltimore.

Last season the Clowns made a big hit here in their victory over the Cumberland Spas. They completed a triumphant South American tour, winning 45 straight south of the border. Charley Davidson is their coach.

Frederick High School's opponent this week was not Southern High of Baltimore as previously announced.

The Cadets' opponent was Southern Vocational High School of Lothian, Anne Arundel county.

Lothian Southern is a brand new school and has a smaller enrollment than Frederick.

This is Southern's first football team and in its inaugural year has defeated Charlotte Hall, National Training School and Woodward Prep of Washington among others.

Washington and Lee High School of Arlington, Va., one of Fort Hill's toughest opponents in recent years, has concluded one of its poorest grid seasons, winning two, losing five and playing one tie game.

Fort Meade's basketball team, featuring Dick Schnitter, All-America from Ohio State; Hank Parker, Lincoln (Pa.) University basketball star, who stole the show in the 72-65 victory over the Spas here last season, and Clyde "Hard Times" Green, ex-West Virginia University and Wheeling Blues ace, will play a 50-game schedule this season.

The Generals won 39 out of 49 games last season.

Audible and Lock Control, winners of the Fairgo track two years ago, were so badly burned in a stable fire Wednesday night at Timonium (Md.) that they had to be destroyed. They were owned by L. Gittinger Boyce. Two other thoroughbreds owned by E. J. Caldwell perished in the flames.

Lock Control returned a \$10.80 mutuel when he won here in 1950.

Here are the latest records of Maryland public high schools on the western shore outside of Baltimore City:

	W.	L.	T.	Pct.
Frederick	9	0	0	1.000
Fort Hill	7	2	0	.778
Bladensburg	6	2	0	.750
Hagerstown	5	2	1	.714
Richard Montgomery	5	2	0	.714
Allegany	5	3	1	.625
Beall	4	5	0	.444
Montgomery Blair	3	4	0	.429
Bethesda-Chevy Chase	3	4	0	.429
Suitland	3	5	0	.375
Gaithersburg	1	6	0	.143

Allegany, Fort Hill and Beall play their final games on Thanksgiving Day.

## Trojans Battle UCLA In Natural On Coast Today

Terps Face Alabama, Duke To Seek Title

By JOHN CHANDLER  
NEW YORK, Nov. 21 (AP)—College football rolls into its final big Saturday tomorrow with a "natural" in Los Angeles where the Southern California and UCLA that will decide the West's Rose Bowl representative.

More than 100,000 will jam Memorial Coliseum for the battle between the two undefeated eleven, and millions will watch via television. The game on a national hookup starts at 4:45 p. m. EST.

In Madison, Wis., they're singing "On, Wisconsin" for the Badgers can clinch at least a tie for the Big Ten championship and a probable Rose Bowl trip by defeating Minnesota tomorrow.

Michigan has the same 4-1 conference record as Wisconsin, and meets Ohio State in its windup.

Purdue and Minnesota are tied for second in the conference, each with 3-1 marks. Purdue plays Indiana tomorrow. In event Wisconsin and Michigan both lose, and Purdue wins, the Boilermakers and Minnesota would be deadlocked for the title. The possibilities are numerous.

There will be plenty of grid action elsewhere. Both the Sugar Bowl at New Orleans and the Cotton Bowl at Dallas are lined up, but Miami's Orange Bowl is looking around for a couple of good teams. Georgia Tech and Mississippi, conqueror of Maryland, are the Sugar Bowl rivals. Texas, idle tomorrow, meets Tennessee in the Cotton Bowl New Year's Day. Mississippi also has the day off.

The three teams which have drawn the most mention as possible Orange Bowlers—Alabama, Pittsburgh and Syracuse—all see action tomorrow.

Terps Face Alabama  
Maryland, smarting under its 21-14 defeat by Ole Miss, winds up its season with Alabama at Mobile. Pitt and Penn State have their annual get-together before 50,000 at Pittsburgh, while Syracuse meets Fordham in New York.

Florida State plays Georgia Tech, the No. 2 team, in Atlanta, while Kentucky is at Tennessee.

The nation's No. 1 power, Michigan State, wraps up its season at home against Marquette.

Duke can clinch the Southern Conference title by defeating North Carolina at Chapel Hill. Oklahoma is host to Nebraska at Norman, Okla., and the Sooners can clinch the Big Seven championship by winning.

Irish Battle Iowa  
Notre Dame and Iowa, which have tied for the last two years, play at Iowa City.

The Bulldog and the Crimson play "The Big" game at Cambridge, Mass. It's the 69th Yale-Harvard game.

Army and Navy are idle, waiting for next Saturday at Philadelphia.

## Joe Black And Harry Byrd Voted 1952's Top Rookies

Dodger Ace Cops 19 Of 24 N. L. Ballots

By JOE REICHLER

NEW YORK, Nov. 21 (AP)—Exclamations of surprise were the first reactions of Pitcher Joe Black of Brooklyn and Harry Byrd of Philadelphia today when informed they had been voted "Rookie of the Year" of their respective leagues by the Baseball Writers Association.

"That's great," said Black at his home in Brooklyn. "I knew I was in the running for it but I thought they might give it to Hoyt Wilhelm of the Giants. After all he led the league in earned runs and percentage."

Byrd, at his home in Darlington, S. C., was even more surprised. "Is that so?" he exclaimed. "I would have thought several others would have won over me."

Byrd Wins Close Race  
At that, Byrd just barely captured the American League award for 1952, nailing out two catchers, Clint Courtney of the St. Louis Browns and Sammy White of the Boston Red Sox. The Athletics' right-hander received nine votes. Courtney eight and White seven of the 24 cast by three writers from each major league city.

Black, on the other hand, was an overwhelming choice in the National League. The superb Negro relief star drew 19 votes from the 24-man committee that previously had voted him a close third in the most valuable player balloting. Wilhelm, the spectacular knuckleballer of the Giants, was second with three votes. Dick Groat of Pittsburgh and Ed Mathews of the Boston Braves, tied for third with one vote apiece.

Black Is Pleased  
"I am proud of the fact that the writers thought so well of me to place me so high in the most valuable player competition besides naming me the rookie of the year," said Black. "I hope I can justify their faith in me next year."

Byrd had little to say other than to thank the writers and express an anxiety for the 1953 season to begin.

"When you're playing you can't wait for the season to end and in the winter you can't wait for the season to start," he said.

Black is 28 and Byrd is 27. Black played Negro ball for years before he got his chance with the Dodgers in 1951. Byrd spent three years in the service and six more in the minors before he came up to the big leagues to stay.

## Basketball Games Scheduled Today

SUNDAY SCHOOL LEAGUE	
At YMCA	
12:00—First Baptist vs. Grace Methodist

## Mrs. Rice Heads Rec Association

Mrs. Cleo Rice has been elected president of the Women's Recreation Association, succeeding Mrs. Elsie McKee, resigned. The election took place Wednesday night at the Fort Hill High School girls' gymnasium.

The association will meet next Wednesday at the Fort Hill girls' gym at 7 p. m. A volleyball schedule has been planned.

## Frederick-Southern Game Is Postponed

FREDERICK, Md., Nov. 21 Rain washed out the game scheduled here tonight between Frederick High's undefeated football team and Southern Vocational High School of Lothian Md.

An effort will be made to stage the game here Saturday night. In event of a second postponement, Frederick High School authorities will request permission of the Maryland Scholastic Athletic Association to have the contest staged here Monday.

Permission must be granted due to the state ruling that forbids the playing of two games in one week. Southern is scheduled to meet Annapolis on Thanksgiving Day.

Frederick is anxious to be the first Western Maryland high school to win ten consecutive games in a season.

## Olson Stops Sala, Gas Fumes Blamed

SAN FRANCISCO, Nov. 21 (INS)—The manager of Lee Sala, Pennsylvania middleweight knocked out by Carl Olson last night, said today that his fighter "was woozy from gas fumes in his dressing room before the fight."

Bunny Buntag, Sala's manager, said he did not claim "anyone tried to gas my fighter intentionally." However, he said he would "certainly" report the condition to both the California Boxing Managers' Association and the International Boxing Guild.

Sala was knocked out by Olson in the second round of last night's scheduled ten-rounder at Winterland.

## Change Shuffle Date

The Alhambra Club and Golden Nugget shuffleboard teams will meet Tuesday night instead of Thursday at Frostburg.

## Terps Conceded Touchdown Edge In Alabama Tilt

36,000 Are Expected To See Contest Today

MOBILE, Ala., Nov. 21 (AP)—National football prestige and a possible Orange Bowl bid will be incentives for victory tomorrow when still mighty Maryland collides here with ambitious Alabama.

The favored Terps, who skidded from third to eighth in national football ratings after their 21-14 upset by Mississippi, will be shooting to improve their position in their final game of the season.

Twice-beaten Alabama, currently rated 14th, is more interested in Miami's Orange Bowl, and hopes for a strong showing against Maryland to stay in the running. The Crimson Tide is favored to take its final opponent, Auburn, Nov. 29.

Maryland, too, has been considered for the Orange Bowl, but is unlikely to go because it is barred from the bowls by a Southern Conference edict.

While no Alabama team has ever won a game in Mobile's Ladd Stadium, the Crimson Tide is hoping for victory on the strength of a strong running attack and a newly found defense that held Georgia Tech to a 7-3 score last week.

Maryland has been installed a seven-point favorite on the basis of a stout defense and an explosive offense built around the passing of All-America Quarterback Candidate Jack Scarbath and the running of Chester Hanulak.

Alabama has lost only to Tennessee and Georgia Tech while winning seven. Before the Ole Miss debacle, Maryland had won 19 straight.

A capacity crowd of 36,000 is expected to witness this first meeting of these two teams. The kickoff is at 2 p. m. CST.

## Turkey Day Official

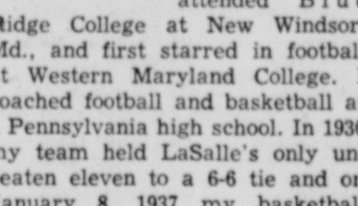

John Shelton has been named head linesman for the annual Thanksgiving Day contest between Beall High's Mountaineers and the LaSalle Explorers at Frostburg.

Brother Joseph, in announcing the appointment, said other officials for the tilt are Bobby Cavanaugh, referee, James Gaffney, umpire, and John Blough, field judge.

## As You WERE

(This is the tenth in a series of sketches with pictures of well known sport personalities of the past from the album of the Cumberland News Sports Editor. See if you can identify them by their photo.)

If you are a football fan you've probably heard of me. The photo was taken in 1925 when I played basketball in Somerset county, Pa., but I have quite a few gray hairs now. When I attended high school we didn't have a football team but we had some good basketball teams. I attended Blue Ridge College at New Windsor, Md., and first starred in football at Western Maryland College. I coached football and basketball at a Pennsylvania high school. In 1930 my team held LaSalle's only unbeaten eleven to a 6-6 tie and on January 8, 1937 my basketball team helped Fort Hill dedicate its new gym. My first big coaching job was at a New England university and now I'm head coach of a college eleven that has a pretty rugged schedule. We've beaten Temple, William & Mary, West Virginia, Nebraska, Penn and Rutgers and our next outing is against Pitt. I'd like to take this one as you know the Panthers already have spilled Notre Dame, Ohio State, Indiana and Army. What's my name?

Today, my Nittany Lions play Pitt.

My Nittany Lions play Pitt.

## Beau Jack Is Refused License In New York

NEW YORK, Nov. 21 (AP)—Beau Jack, 31-year-old former world light weight boxing champion, today was refused a boxer's license in New York State by the Athletic Commission.

Action was taken after consultation with Dr. Ira McCown, commission physician, and examination of Jack's physical record. In his last start, May 21, 1951, Jack was stopped by Gil Turner in Philadelphia.

Johnstown, Penna.

## Bracco And Mantz Lead Road Races

MEXICO CITY, Nov. 21 (INS)—Italy's Giovanni Bracco continued to hold a slim lead in the sports car division today on the fifth leg of the Pan-American road race, but a speedy German team was closing fast.

"Bracco, driving a Ferrari, roared into Durango, unofficially covering the 333.4-mile stretch (537 kilometers) in two hours, 59 minutes and 13 seconds for an unofficial overall course total of 13 hours, 20 minutes and six seconds.

"John Mantz, of Los Angeles, jumped into the lead in the stock car division when he zoomed across the finish line of the fifth leg at Durango in the unofficial time of three hours, 23 minutes, 48 seconds.

## Steelers To Battle Cardinals Sunday

"PITTSBURGH — Ollie Matson, probably football's fastest man and a leader among the contenders for the "pro freshman of the year" title, will lead the Chicago Cardinals against the Pittsburgh Steelers in a National League championship contest at Forbes Field Sunday.

"The Cardinals will be seeking to avenge an earlier 34 to 28 defeat by the Steelers. That was the final score of a game played a few weeks ago in Comiskey Park when the famed Matson scored three touchdowns in the second half. At the time, the Steelers held a 34 to 7 advantage.

Matson represented the United States in this year's Olympic games in Helsinki. His great speed gives him a great advantage on the football field and already this fall he returned a kickoff 100 yards for a touchdown. That, incidentally, was the longest run in the league this year.

## Alderton Is Among 14 Playing Final Contest

John Alderton, former Fort Hill High School athlete, will be among the 14 riders playing their final game for the University of Maryland when the Terps meet Alabama today at Mobile.

Alderton and Ed Fullerton, another senior, are co-captains of the Terps.

Other seniors are Jack Scroggie, Dick Modzelewski, Tom Cosgrove, Lou Weidensau, Frank Navarro, Ray Stankus, Lloyd Colterav, Bob DeStefano, Bill Maletzky, Art Hurd and Paul "Dusty" Nestor of Parsons, W. Va. Walt Boeri, only reserve linebacker, hasn't seen regular duty all season.

If a human family ate in proportion to a family of birds, the daily grocery list would include something like 50 loaves of bread, 23 pounds of hamburger, 30 doughnuts, 10 pounds of spinach, 6 heads of lettuce and 1 gallon of ice cream.

## AT THE TRACKS

### Syndicate Buys Pimlico Track

BALTIMORE, Nov. 21 (INS)—Jacob Kartman, Baltimore attorney, said today that a deal has been closed for sale of controlling interest in the historic Pimlico Race Track.

Kartman said the deal was made on behalf of a syndicate headed by Cary Boshammer, North Carolina textile mill executive, racing stable owner, and recently one of the purchasers of other raceways at Cleveland, Ohio.

Associated with Boshammer are Benjamin and Herman Cohen, operators of a television station at Baltimore.

### Bowie Reopening Cancelled Again

BOWIE, Md., Nov. 21 (INS)—Horse racing at the Bowie Track suffered another setback today when heavy rains forced cancellation of Saturday's reopening.

A scheduled eight-race card will be run Monday if the rains halt in time and the track dries sufficiently.

The Bowie Race Track has been closed since Monday, when only two races were run. Jockeys refused to accept any more mounts on the ground the track was hazardous.

## Two Bedford Residents Are Fire Victims

Five Persons Hurt In Rescue Attempt

A woman and her crippled son were burned to death in their Bedford, Pa., apartment Thursday. The victims were:

Mrs. Bertha E. Kauffman, 66, and Burdett (Bertie) Kauffman, 49. Five persons, including a grandson of the woman and four volunteer firemen, were injured in attempts to rescue the pair.

The grandson, Clinton (Champ) Kauffman Jr., about 30, escaped death by crawling through a window at the rear of the burning apartment.

He suffered burns and cuts of both hands when he tried to enter the front door of the apartment to reach the trapped woman and her son.

Also cut about the hands were Fire Chief Eugene Davidson, Eric May, Thomas L. Beagle and Robert G. Rice. The firemen were injured as they tried to get inside the four-room apartment through locked windows and the locked door.

The bodies of the two victims were found in a narrow hallway just inside the front door.

Position of the bodies indicated Mrs. Kauffman had dragged her son from his bed and was trying to get out of the four-room apartment when she was overcome. The son had been unable to walk for many years because of an arthritic condition.

Three other families in the two-story building were routed by the fire.

Other residents were not injured, but their apartments and furnishings were damaged by flames and smoke. Mrs. Essie Nevitt, owner of the building, and Chief Davidson said damage was approximately \$6,000.

Coroner Vernon G. Geisel said death of both victims was caused by first and second-degree burns of the body and suffocation.

## Fire Fighters Are Thanked For Aid By Forest Ranger

PARSONS — More than thirty persons and organizations received letters of appreciation during the past week from U. S. Forest Ranger, John Ballantyne for their excellent services rendered during the recent fire wave in Tucker county.

Among the organizations receiving letters were the Parsons, Thomas and Davis Volunteer Fire Departments; Parsons and Davis High School fire fighters, Duncan Telephone Company operators, and members of the State Road Commission.

The month of October was one of the worst fire records in Tucker county and the worst in the past fifteen years.

## Parsons Group Plans Banquet This Sunday

High School Coach To Give Invocation

PARSONS—Mrs. George Bowley, president of the All Letter Club Auxiliary of Parsons High School announced the club netted \$169.54 as their share of the recent musical comedy held in Parsons sponsored by the auxiliary and Band Mothers.

Plans were also made for their athletic banquet at Parsons High School auditorium Sunday at 5:30 p. m. Plans were completed at a meeting held in the home of Mrs. Fern Schoonover on Wednesday evening. Mrs. Leman Auvil and Miss Loretta Shout were named captains for their contest during the winter months.

Coach Robert Sullivan will give the invocation at the dinner Sunday and several musical selections will be presented by members of the football squad. Mrs. H. J. Newman, member of the club will present a reading and short talks will be made by various guests.

Present for the meeting were Mrs. Leman Auvil, Mrs. George Bowley, Mrs. W. Kermit Collett, Mrs. Paul Flanagan, Mrs. Braxton Gainer, Mrs. Donald Good, Mrs. J. W. Hersberger, Mrs. N. J. Newman, Mrs. Fern Schoonover, Mrs. Robert Sullivan, Mrs. Howard Shields, Mrs. Frank Mullenau, Mrs. Woodrow Warner, Mrs. Joseph Bundy, Mrs. John Goss, Mrs. Blennice Wilfong, Miss Loretta Shout and one new member, Mrs. Bessie Phillips who was welcomed into the club.

## Methodists Plan New Building At Frostburg

Estimated Cost Is \$90,000

FROSTBURG—Plans for a new education building adjoining First Methodist Church, submitted by Russ Minter, Cumberland architect, were approved Wednesday evening by the building committee of the congregation, and Minter was authorized to advertise for bids.

The building to be constructed in the rear of the church facing West Mechanic Street, will measure 40 by 80 feet and will be a two story brick structure with a basement. The entrance will be on the east side facing Water Street.

The erection of a new education building has been under consideration by the congregation for the past fifteen years and will be used for church-school purposes. The basement will be used for a recreation department. The estimated cost will be between eighty and one-hundred thousand dollars.

The present church building, the largest Protestant religious structure in the community, was built on its present site in 1870, and dedicated December 17, 1871. The church, one of the most beautiful in Western Maryland, is described in a booklet issued in 1932, when the 100th anniversary of the congregation was observed, as follows:

"The style of the church is decorative Gothic, with a tower in the center of the front, which, with the spire, reaches an altitude of 167 feet. The building is 85 by 52 feet, with a recess in the rear 11 by 21 feet.

Since the church was originally constructed it has undergone various improvements from time to time. The congregation also owns a spacious brick parsonage on a lot adjoining the church property. The present pastor is Rev. John Bayley Jones.

JAPANESE war criminal Seitaro Fujita, who is under a 30-year prison sentence for the execution of an American mess officer on Corregidor, is shown after he testified at the treason trial of former Army Sgt. John David Provo in New York. The trial was adjourned after a wrangle over the government interpreter's Japanese translation of "pleaded," a key word in Fujita's testimony.

## Frostburg PTA Meets Monday

FROSTBURG — The Hill Street PTA Association will hold a meeting Monday evening, 8 o'clock, in the school auditorium. Teachers will be in their rooms at 7:30 to meet and talk with parents.

A program will be presented by Martin Weisman and a group of young people from the Cumberland Junior Symphony Orchestra.

## Miners Hospital Auxiliary Plans Drive Extension

Membership Goal Is Set At 500

FROSTBURG — Mrs. Arthur Roe, president of the Miners Hospital Auxiliary, announced at a recent meeting that the current membership drive would continue until January 1. Recognition, she said, would be given Mrs. Rose Kelly at a meeting Monday at 7:30 p. m., in the Legion Home, for her achievement in signing 16 new members.

The auxiliary, Mrs. Roe stated, hopes to attain a membership of 500 by the first of the year. The unit is open to women of the Georges Creek region.

It was announced that \$150 was cleared at a recent card party sponsored by the unit. Proceeds will be used for the project program, which will be discussed at the meeting Monday.

Mrs. William Warnick, chairman of the sewing project, announced that the group has been meeting each week at the home of Mrs. Kenneth Babcock, Bowery Street, and that supplies for the linen closet are nearly completed. Decorations for hospital trays are being made by the art committee under

## William Allee Named Scout Commissioner

Cumberland District headquarters, Boy Scouts, yesterday announced the appointment of William Allee as a district commissioner. The selection was made at a district meeting Tuesday night in St. Mary's Hall.

Allee, who has been active for many years in scouting, formerly served as a neighborhood commissioner. He succeeds Walter Hedrick, who resigned.

The final session in the Boy Scout leadership training course sponsored by Potomac Council was held last night at Frostburg State Teachers College.

Also scheduled Thursday at Central YMCA was a class in Cub Scout leadership training. This course will end next week.

Scout headquarters indicated certificates would be awarded for both courses, with the selection based on the number of classes attended.

## Two Wills Admitted To Probate In Court

Two wills were admitted to probate yesterday in Orphans Court.

The will of Robert E. Barnard, local insurance executive who died November 11, named Robert S. Barnes, his business partner, and Robert E. Barnard Jr., his son, as executors. The widow, Mrs. Elizabeth R. Barnard, was named beneficiary.

The will of Catherine Hyde, of Moscow, who died October 6, 1951, was also admitted to probate. Benjamin Hyde, a son, was executor. Jennie Hyde, Ethel J. Hyde, Benjamin Hyde and Albion Hyde, children of the deceased, were named beneficiaries.

Get rid of fusses and fidgets! Here are steps that will help you gain self-possession and poise!

## Secrets Of Charm

by John Robert Powers

The ability to sit still is an art worth cultivating. If you train yourself to look like a self-possessed person at all times, believe it or not, you'll find your self-possession increasing miraculously. The students of yoga, one of the most honored and ancient systems of philosophy, believed so strongly in the control of physical movements as an aid to increasing the powers of concentration that they even learned to control their breathing.

Fussing and fidgeting, the opposite of yoga, only detract from your ability to concentrate. And

though you hope these extraneous motions will hide your lack of poise from eyes of others around you, they only accentuate it.

### Poise Lack Revealed

Just observe who fusses with her hair, straightens a picture, rearranges the papers on her office desk or fingers the silver on the table, when all she should be doing is sitting in repose as she talks or listens. The futility of her flutterings as a cover-up for her deficiency in poise is most apparent.

To rid yourself of any tendency to fidget or fuss, be sure there is no flaw in your appearance that makes you self-conscious. The first step is to be sure that your grooming, clothes and make-up are suited to your type and the life you lead. Next, check the manners and the mannerisms which you display with those of others whom you most admire.

Another source of the lack of confidence is your speech. If you know your voice is unattractive and your grammar and vocabulary are weak, get them in hand as soon as possible.

Lastly, analyze both the mental

and physical grace with which you project your good qualities.

### Flowering Poise

Rout out the flaws in your personality and appearance and your poise will flower. As it does, you will find sitting still becomes easier and easier. When perfect repose is yours to command, your ability to concentrate will shine like a star. That's when you'll really be able to make the most of every moment. That's when you'll really be able to exercise the influence over others that leads to popularity and success in whatever you wish to do!

For a purse-sized reminder of ten of the steps that will aid you in your reach for increased poise, send a self-addressed, stamped envelope to Secrets of Charm in care of this newspaper requesting your complimentary copy of "Ten Secrets of Charm."

Monday: Answer to weighty problems.

TEN SECRETS OF CHARM  
You are welcome, free of charge, to the reminder card, TEN SECRETS OF CHARM. It lists ten points to remember as milestones along the road to greater charm. Carry it with you and you won't overlook any of the ways you impress all who come in contact with you. Write to Secrets of Charm in care of this newspaper and enclose a stamped, self-addressed return envelope.

## Down in the Valley...

Election's over... the Irish got wupped... and, woe is woe, the mighty Terps got tipped by them Rebels down yonder in Missississ... whateveritis! You got troubles, ha! But then, son... maybe you do at that. And if it's trouble on your mind... what you need most is relaxin'. That we got plenty of. Down in the Valley is the place to soothe your feelin' and unrufile your nerves. Temptin' food and drink... tantalizing Taylorvision... and tomb-like (well, not quite) atmosphere... that's our formulae for puttin' you at ease. Then, of course, Down in the Valley is the natural place to have luncheon every day of the week... come on in and pamper your palate, too!

# CITY SEEKS \$360,000 BOND ISSUES

## Seven-Point Program Includes Pay Raises For Mayor And Council

### City Hall Remodeling Fund Asked

Bond issues totaling more than \$360,000 to finance some proposed public improvements in the city of Cumberland, have been requested by city officials of the Allegany County Delegation.

These bond issues, along with a bill which would raise their own salaries are part of a seven-point program sponsored by the Mayor and City Council.

The legislative program also includes such items as funds for enlarging and improving Constitution Park, improvements to the Municipal Airport, funds to finance the Frederick Street extension proposal; funds for a new fire truck and fire tower and money to remodel the City Hall.

The city program was presented to the Allegany County delegation on October 11 at a dinner meeting between the city officials and legislators.

Included are the following major points:

A bond issue for improvements of Frederick and Bedford Street, with or without a referendum. The cost of Frederick Street improvement has been estimated at \$500,000, half of which would be shared by the government under the urban roads program.

The Mayor and Council are expected to act Monday on a proposed contract covering the Frederick Street work. The city will ask the inclusion of a clause which would allow it to resume two-way traffic between Mechanic and Henderson Avenue if one-way traffic proves to be unsatisfactory.

#### \$110,000 Bond Issue

The second point in the program was a General Improvement Bond Issue totaling \$110,000.

This would include \$20,000 for the Cumberland Fire Department to finance a new fire engine and a fire tower.

Another \$20,000 would be provided for improvements in the Cumberland Municipal Airport. They include a homing device and equipment for snow removal.

The city several months ago promised improvements will be made to the airport if commercial air service continues.

Another \$45,000 of the bond issue would be earmarked for City Hall improvements. Plans for the remodeling program, the first major improvements since the building was constructed, have been developed for a number of months.

The last part of the bond issue includes \$25,000 for additions and improvements to Constitution Park.

Land adjoining the park has been offered to the city. The improvement plans have not been announced.

#### New Street Proposed

The third point in the comprehensive legislative program is a bond issue, without referendum, for a new street, paralleling and immediately south of the Baltimore and Ohio Railroad tracks from Bedford Street to Hay Street.

Point Four would be a bill to permit raising the levy for operating expenses of the city from the present 95 cents to up to \$1.10, or abolish the ceiling altogether.

The bill would require an amendment of Subsection C, Section 81, of the city code.

Although the Delegation made no commitments on the levy issue at the October 11 meeting, it is understood they may be quite willing to drop the ceiling altogether.

In the first place, they point out, the move would be consistent with the principle of home rule, and would make the Mayor and Council responsible for any increase in taxes.

#### May Be Willing

Legislators have also pointed out that no ceiling is placed upon the levy of the Board of Allegany County Commissioners.

The idea was first broached by Senate Minority Leader Robert B. Kimble at a meeting here several months ago.

In the past, it was explained, county legislators have had to bear the brunt of criticism when operating levy ceilings were raised.

Lifting of the ceiling, one legislator said, would put the issue of tax rates and economy squarely up to the Mayor and Council, who then would have to face the ire of voters if they wrongly interpret the wishes of the citizens.

A new declaration of the present prevailing wages paid to city workers is the fifth point. This would freeze into the rate structure a 10 per cent wage increase granted to city workers by the Mayor and Council recently.

#### Would Freeze Wages

The bill would make present rates the basic minimum rate to be paid by the city.

The sixth point requests a change in the "day of finality" for tax assessments from January 1 to July 1 in each year.

The change will be requested to bring the finality dates in better relation to the present fiscal year, which runs from July 1 to June 30.

The last point calls for raising the salaries of the Mayor and Council, with or without referendum.

Another city sponsored bill will be a proposed new Civil Service Law for Cumberland. The Delegation has promised to back the (Continued on Page 8, Col. 3)

## D. C. Goodfellow Heads Insurance Association Here

### Committees Named For Coming Year

D. Clifford Goodfellow was installed as president of the Allegany-Garrett Association of Insurance Agents during a meeting Thursday night at Ali Ghan Shrine Country Club.

Other officers include J. Glenn Beall, Jr., vice-president; and Miss Naomi M. Flanagan, secretary-treasurer. John F. Workmeister, retiring president, was elected a member of the State Board of Directors during the meeting.

The following committees have been appointed by Goodfellow: J. Henry Holzshu, Edgar A. Kendall, Naomi Flanagan, J. Glenn Beall, Jr., membership; Kendall and David T. Davis, program.

Beall, Carl F. Schmutz, James B. Reinhardt, James Park, and Dan W. Hershberger, judicial and legislative; M. D. Reinhardt, Robert S. Barnes, David P. Goodfellow, business standards.

Workmeister, Davis and Park, fire prevention; Robert E. Bernard Jr., Thomas F. Conlon Jr., and Hershberger, accident prevention; Holzshu and Schmutz, publicity.

Proceedings of the fall convention of the Maryland Association of Insurance Agents held in Baltimore November 12-13 were discussed during the Thursday meeting. During the convention, James B. Reinhardt was elected treasurer of the state association.

Attending the convention from the local association were Mr. and Mrs. D. Clifford Goodfellow, Mr. and Mrs. Edgar A. Kendall, Mr. and Mrs. James B. Reinhardt, of Cumberland, Miss Naomi Flanagan, Westernport and Dan W. Hershberger, Grantsville.

## County Births Decrease During Third Quarter

A decrease of 31 births during the third quarter of 1952 over the same period last year was recorded in Allegany County according to a bulletin from the State Department of Health.

The number of deaths for the period this year showed a decrease over last year with a total of 195 persons dying in 1952 as compared to 201 in 1951.

This year 15 infant deaths were reported as compared to a total of 16 for the same period in 1951. The number of births in Garrett County for the third quarter also showed a decrease over 1951. Last year 162 births were recorded and this year 149 were recorded.

#### Causes Are Listed

During the period this year 45 persons died while in 1951 a total of 44 deaths were reported in Garrett County. Infant deaths this year were four less than last year's total of six.

Causes of death in Allegany County during the third quarter this year and in 1951 were as follows:

Whooping Cough, one in 1951, none this year; tuberculosis, two in each year; syphilis, one in 1951, none this year; influenza and pneumonia, two each year; motor vehicle accidents, 12 this year, three last year; cancer, 33 last year, 20 this year; heart diseases, 82 this year, 68 last year.

During September this year 89 births were recorded in Cumberland. Four infants under one year died in this city during the same period. In Garrett County during the same period, 39 births were recorded and one stillbirth. The total of births for Allegany County was 152.

#### 56 Die In September

The number of deaths in Cumberland during September, according to the bulletin, was 31. Causes of the deaths were cancer, four; diabetes, one; cerebral hemorrhage, one; and heart disease, four. (Continued on Page 8, Col. 3)

## Heavy Rains Send Creeks Out Of Banks

### Road Sinks Again Near Ocean Mines

Two small, Allegany County streams surged out of their banks yesterday as more than four inches of rain fell in a steady three-day downpour.

No danger of serious floods in the Cumberland area was apparent last night as the Potomac River rose only a foot and a half above normal level, and was still more than ten feet below flood stage.

Fifteen-Mile Creek at the base of the eastern slope of Polish Mountain was over its banks, covering U. S. Route 49 with about four inches of water, moving over the highway without difficulty.

Flintstone Creek Out of its banks in some areas, but no damage was reported. At Flintstone, the water was even with the banks at 10 a. m.

All streams were rising slowly, but most were well within their banks because the recent dry spell had dropped their levels far below normal.

#### Route 36 Sinks

State Route 36 at Ocean, which has caved in at least three times in recent months, developed two small "sinks" a few hundred yards apart and was closed to traffic last night.

G. Bates Chaires, district State Roads Commission engineer, said the sinks, each about a foot deep, were in the same area where the previous holes developed when the road, undercut by abandoned mine workings, gave way.

Chaires said the trouble last night may have been the result of normal settling of filled-in workings under the road. After the last holes developed, SRC crews filled in the honeycomb of mine tunnels, some to a depth of 15 feet.

A power shovel was to be sent to the scene last night to repair crews could get an early start on the job today. Chaires said he would ask Frank T. Powers, director of the Maryland Bureau of Mines, to direct further inspections of the old tunnels.

Meanwhile, traffic was being detoured around the bad section of the road.

#### Snow May Follow

The Weather Bureau predicted the rain would end during the night and possibly would be replaced by snow in Allegany and Garrett counties.

As the rain continued, State Police and the State Roads Commission reported no high way trouble except at Ocean. West Virginia State Police at Romney said the heavy rain had failed to bring Hampshire County streams to the danger point, and all highways were clear and open.

The Baltimore and Ohio Railroad reported its tracks between Hancock and Berkeley Springs, W. Va., were flooded when a miniature cloudburst caused mountain streams to rush out of the banks and onto the railroad right-of-way.

#### No Damage Found

The railroad found no damage, but a track foreman was inspecting the section late last night.

Some lowland sections in the Hancock area were under water after the storm, but streams began to recede rapidly as the storm passed.

Winds up to 30 miles per hour whipped the rains across Cumberland for a short time yesterday afternoon, but the gusts had subsided by 6 p. m., when the wind began to swing around to the south-east quarter.

Robert R. Golden, official Weather Bureau observer at Constitution Park, said a total of 4.40 inches of rain had fallen since 1 (Continued on Page 8, Col. 2)

## Smith Is Elected To State Office

Charles E. Smith, manager of station WTBO here, yesterday was elected vice-president of the Maryland-District of Columbia Radio and Television Broadcasters Association, at its annual meeting in Baltimore.

The new president is Charles Truitt, vice-president and general manager of WBOC in Salisbury.

## Turkey, Ham Shoot To Be Held Sunday

Clifford B. Sisler Post 945, Veterans of Foreign Wars, Oldtown, will hold a turkey and ham shoot Sunday on the Wilson Road. Shooting will get under way at 9:30 a. m., and entrants may use 12, 16 or 20-gauge shotguns. The VFW Club will furnish ammunition.

## CWV To Meet Sunday

Victor Tambollee Post, Catholic War Veterans will meet tomorrow at 2:30 p. m. in the Knights of Columbus Hall, North Mechanic Street, according to John A. Fisher, adjutant.

**PLENTY OF HAM**—There will be no shortage of ham at the special Thanksgiving dinner which will be served Tuesday at the Fort Hill High School cafeteria. Three of the cafeteria employees are shown as they prepared to taste one of the 24 hams, weighing over 400 pounds, which have been cooked for the special dinner. At the left in the cookie jar are 2,540 peanut butter cookies. Pictured, left to

right, are Mrs. Margaret Johnson, head cook; Mrs. Mary Steele and Mrs. Jane Legge, manager. As her menu for the tasty dinner which will cost the pupils only a quarter, Mrs. Legge will offer orange juice, baked ham with raisin cranberry sauce, a dressing ball, brown potatoes, string beans, milk, bread and butter and a peanut butter cookie.

## Bids Accepted On Two School Building Jobs

### Two Local Firms Awarded Contracts

Low bids totalling \$114,505 on two school construction projects in the county have been approved by the Allegany County Board of Education, Superintendent of Schools Ralph R. Webster announced yesterday.

George F. Hazelwood Company, this city, was awarded the contract for a new Ellerslie Elementary School on a low bid of \$59,552.

George Construction Company, this city, was awarded the contract for an addition to Flintstone High School on a low bid of \$54,953.

Four bids were submitted on each project. The successful bidders also submitted proposals on the jobs in which they failed to win the contract. Other bidders were John I. Vandegrift Company, this city, and Russell L. Hamilton, Westernport.

The Ellerslie job calls for a new building with two regular-sized classrooms and one large classroom which can be used as an assembly room. This project is mandatory as a result of the act of the General Assembly which also provided for construction of the new schools at Mt. Savage and Lonaconing.

Webster also said that the next meeting of the Board of Education definitely has been agreed upon for Tuesday, December 9. At that time spokesmen for additional improvements at both Flintstone and Bruce High School in Westernport will present their plans to the board.

These suggestions were discussed Monday night with State Senator Robert B. Kimble and the county's delegation in the House of Delegates. It was recommended then that any campaign for additional facilities should begin with presentation to the Board of Education.

He said authorities still do not know if a rifle was used in the Tuesday night murder. Another puzzling factor in the case, Trooper Phillips explained, is that police have determined where the weapon was fired from, but at the same time no empty cartridges have been found.

He pointed out it was very hard to determine if the weapon was a rifle or a pistol since a comparison must be made with the bullets and the possible weapon. In any case, he asserted, they know that the rifle belonging to Luzier had no connection with the murder.

Present at yesterday's coroner's jury were Cuppett, Sheriff Crosten, Trooper Phillips, O. B. Collins, justice of the peace and acting coroner; Sgt. C. B. Ware, of the Elkins state police detachment.

Wise's mother, Mrs. Bessie Wise; his father, H. P. Wise, and the suspect's children, Richard, 16; Carolyn, 12, and Jeffrey, 9.

Authorities said they will continue questioning Wise today in an effort to untangle the mess.

## Saeli Named Head Of State Committee

Anthony Saeli, manager of the Cumberland Chamber of Commerce, has been appointed Maryland state chairman for the committee on admissions of the American Chamber of Commerce Executives.

The appointment was made this week by President Stanley C. Draper, managing director of the Oklahoma City Chamber of Commerce.

The committee on admissions sets the standards and passes on the qualifications of applicants to the American Chamber of Commerce Executives. Maryland members to the ACCE are Cumberland, Hagerstown, Frederick, Annapolis and Baltimore.

The American Chamber Executives is the professional organization of the chamber movement. Its purpose is to provide ethics and efficiency in the chamber of commerce management and service.

## Mystery Shrouds Killings, Suspect Refuses To Talk

Mystery still surrounded the fatal shooting Tuesday night of a Davis, W. Va. merchant and his wife following the capture of the suspected killer yesterday.

Boyd Lee Wise, 42, of Davis, was questioned yesterday and is being held under two warrants in Tucker County Jail, Parsons, charging him with murder in the first degree, according to D. E. Cuppett, prosecuting attorney.

Wise's unexpected capture occurred during a six-man coroner's jury which returned a verdict "that Lucille and Antonio Damiano came to their death by gunshot wounds fired by Boyd Wise."

A telephone call from a Davis resident during the emotion-charged session of the coroner's jury, gave a tip to Sheriff D. E. Crosten, Parsons, that Wise was as his mother's home.

The sheriff said Wise's mother told him her son came home early yesterday morning, wet and hungry. Crosten added the man was unarmed and apparently had been "hiding out in the woods."

Crosten added that Wise told him on the way to the jail that he was innocent in the shooting and "never owned a gun in my life." As Wise was taken from his mother's home, she pleaded with the sheriff, "treat him kindly."

In later questionings, Sheriff Crosten said Wise refused to talk, but he did admit using a .22 rifle for target practice Tuesday hours before the shooting that night. The rifle, it was learned, belonged to David Luzier, a next door neighbor.

However, last night Trooper G. H. Phillips, of the Thomas state police detachment, said the rifle was returned to Luzier before the killing occurred.

He said authorities still do not know if a rifle was used in the Tuesday night murder. Another puzzling factor in the case, Trooper Phillips explained, is that police have determined where the weapon was fired from, but at the same time no empty cartridges have been found.

He pointed out it was very hard to determine if the weapon was a rifle or a pistol since a comparison must be made with the bullets and the possible weapon. In any case, he asserted, they know that the rifle belonging to Luzier had no connection with the murder.

Present at yesterday's coroner's jury were Cuppett, Sheriff Crosten, Trooper Phillips, O. B. Collins, justice of the peace and acting coroner; Sgt. C. B. Ware, of the Elkins state police detachment.

Wise's mother, Mrs. Bessie Wise; his father, H. P. Wise, and the suspect's children, Richard, 16; Carolyn, 12, and Jeffrey, 9.

Authorities said they will continue questioning Wise today in an effort to untangle the mess.

## Saeli Named Head Of State Committee

Anthony Saeli, manager of the Cumberland Chamber of Commerce, has been appointed Maryland state chairman for the committee on admissions of the American Chamber of Commerce Executives.

The appointment was made this week by President Stanley C. Draper, managing director of the Oklahoma City Chamber of Commerce.

The committee on admissions sets the standards and passes on the qualifications of applicants to the American Chamber of Commerce Executives. Maryland members to the ACCE are Cumberland, Hagerstown, Frederick, Annapolis and Baltimore.

The American Chamber Executives is the professional organization of the chamber movement. Its purpose is to provide ethics and efficiency in the chamber of commerce management and service.

## Chest Workers Asked To Strive Toward Goal

### Red Feather Drive Hits 49.3% Mark

Cumberland Community Chest leaders yesterday asked workers to redouble their efforts as a total of \$52,228.40 was listed at the second report meeting held in Central YMCA.

William H. Buchholz, general chairman, said the pledges represent 49.3 per cent of the \$105,977.76 goal.

"Maybe it was the miserable weather," Buchholz said, "but the report was rather disappointing, since we had hoped to be at the \$60,000 mark so we could hit the goal by next Tuesday."

The reports showed the Advance Gifts Section raised \$36,069, or 64.4 of its \$56,000 goal.

The Classified Section reported pledges of \$10,066.52, or 30.5 per cent of a \$33,000 goal.

The Sales Army by yesterday had raised \$2,451, or 35 per cent of its \$7,000 goal.

The Residential Section had collected \$3,055.83, or 55.7 of its \$5,500 goal.

Buchholz yesterday conferred with section leaders on plans for stimulating leaders and workers in the drive.

Leaders, it was reported, feel too many workers are "dragging their feet", citing the fact that many firms have not yet received their campaign supplies.

Additional effort must be made, officials said, if the goal is to be met by Tuesday night.

The giving standards of the 3,953 persons who have already contributed was described as reasonably good but officials said too many persons have not been asked to contribute.

## Health Bulletin Shows Rise In Md. Death Rate

The death rate in Maryland, according to a bulletin from the Department of Health, rose slightly during the third quarter of this year.

The increase was from 8.7 per thousand population in 1951 to 9.1 during the same period this year. During the third quarter death rates from ten important causes increased over the previous year.

The outstanding percentage increases were for poliomyelitis, meningococcal infections, diabetes mellitus, influenza, pneumonia and cerebral hemorrhage. Syphilis, all forms, showed a slight increase, the number of deaths from that cause increasing from 33 to 36.

Showing a decline during the period were drownings, maternal deaths and deaths from tuberculosis. An alarming increase of drownings during the second quarter of this year, the bulletin noted, over the same period of 1951 aroused much concern at the time.

Maternal mortality decreased from 0.7 per thousand live births in 1951, to 0.6 in the third quarter of 1952. Tuberculosis, in all forms, decreased from 32.1 to 26.7 during the third quarter of 1952, representing a drop of 16.8 per cent.

The birth rate is still on the rise as reported for the second quarter of 1952. The rate for the third quarter of this year was 25.2 per thousand population as against 24.7 during the same period last year.

## Safecrackers Seize \$2,941 Near Romney

### Investigator Blames "Smooth Operators"

A gang of "smooth-operating" safecrackers broke into a Romney, W. Va., auto sales company over Thursday night and stole nearly \$1,000 in cash and more than \$1,900 in checks.

The theft took place at the Romney Ford Sales Company, just east of the Hampshire County seat town on U. S. Route 50.

#### "Knew Business"

West Virginia State Police Sgt. T. W. Harrison said the burglars, who "apparently knew their business well," got a total of \$2,941 in cash and checks.

Sgt. Harrison said Harold Cheshire, one of the two owners of the business, discovered the theft when he went to the office yesterday morning at 7:45.

Cheshire found that someone had removed the small floor safe from the office, wheeled it to the shop in the rear section of the building, and chiseled away its combination lock.

Harrison said he was uncertain how the thieves got into the building, since John Rockwell, the other owner, said the place was "locked up tight" when he left at 8 p. m. Thursday.

#### Burglars Job Easy

Once inside, Harrison said, the burglars had an easy job ahead of them, since the nearest house is more than 150 feet away.

The burglars apparently used a hammer and chisel from the company's own shop to cut open the safe. They left it in the shop when they made their getaway.

Harrison said last night police have "not a single lead" in the case except that the job was "exceptionally well done," and obviously the work of professionals.

The sergeant said he felt the theft may have been the work of a gang of smooth safecrackers which has been plaguing the Winchester, Va., area, some 40 miles away.

Cheshire and Rockwell said the loot consisted of \$996 in cash and \$1,945 in checks, which had not been endorsed.

## C & A Gas Seeks Financial Aid From Columbia

CHARLESTON, W. Va., Nov. 21 (AP)—A petition by the Cumberland and Allegheny Gas Co. was taken under consideration today after a hearing before the Public Service Commission.

Cumberland and Allegheny asked for permission to finance the remainder of its 1952 power construction program, by obtaining \$550,000 in a transaction with Columbia Gas System, of which it is a subsidiary.

Chief Engineer Albert Louderbaugh, of the gas company, told the PSC the utility's program will cost a total of \$2,806,101.

The firm would issue \$300,000 worth of promissory notes with a three and five-eighths per cent annual interest rate, and up to 10,000 shares of \$25-per-share common capital stock to Columbia Gas.

The company serves 10 counties in Eastern West Virginia and parts of Western Maryland including the city of Cumberland. Among the suggested improvements is the construction of 17 miles of 12-inch transmission line between Keyser and Cumberland.

## Weather

The Weather Bureau last night held out hope that the rain which, like the preceding drought, had lasted too long, would come to an end. The Bureau forecast cloudy, windy and somewhat cooler weather after the rain ended, as it was supposed to do during the night. Yesterday's high was 61, the low, 47, and humidity at 6 p. m. was 100 per cent. Rainfall yesterday was 2.22 inches, bringing the three-day total to 4.40 inches.

#### UNOFFICIAL DOWNTOWN TEMPERATURES

1 p. m.	61	7 p. m.	59
2 p. m.	62	8 p. m.	59
3 p. m.	63	9 p. m.	57
4 p. m.	60	10 p. m.	55
5 p. m.	60	11 p. m.	54
6 p. m.	60	Midnight	54

## Major Knieriem Gets Signal Office Post
